

More Kool Aid to send to Viet Nam, and money in the bank for the Grade School Band fund-raising project. Postmaster Joe Wolf (right) is handed the Kool-Aid collected at the bank by vice president LaVerne Woods.

Science Fair At ACHS Draws Large Crowd

Hundreds of persons viewed the 160-odd science projects displayed by students of local grade schools and Antioch High School at Antioch High last Wednesday night.

The local Science Fair is the first step in a series of Science Fairs that may lead some of the students to Champaign for the State Science Fair.

Winners of Firsts at Antioch High will go to the District Science Fair at Wheeling High School on April 1. Those who take Firsts at Wheeling will compete at the State level at the University of Illinois.

William Seemann is faculty adviser for the Science Fair at Antioch High School.

Two of the projects at the High School which were judged outstanding received \$25 War Bonds from the State Bank of Antioch. Winners of the bonds were both girls from Lake Villa Grade School.

Wendy Lynn Rowley, a 7th grader from Lake Villa Grade School, and Linda Sue Crichton, an 8th grader from the same school, were the two money winners.

Wendy's project was "Air Pollution—Effects on Plant Growth." She worked with three pollutants: sulphur dioxide, ammonia gas and carbon monoxide.

Using plants to show the effects of the pollutants, Wendy "rigged up" several fairly elaborate systems to expose the plants to the gases. She burned sulphur dioxide in a flash on her mother's stove, and conducted the gas through glass tubes and hose with the aid of a small aquarium pump, to one group of plants.

For the carbon monoxide, she used a plastic bag to trap the gas from the exhaust of her father's car for a second set of plants.

She used virtually the same method as for the sulphur dioxide gas to test the effects of ammonia gas. In addition, she had a set of control plants not exposed to any fumes.

Linda's project was "Effects of Types of Light on the Growth Rates of Bean Plants." She exposed the plants to incandescent, fluorescent and red fluorescent lights. She measured the daily growth of the plants by means of rulers installed in each pot, kept a daily record of the growth, graphed

each plant and completed her project with a total graph.

Lake Villa Grade School won the honors for the most projects receiving Firsts, a total of 18. In addition to the two outstanding winners, other Firsts from Lake Villa included: 8th grade, Tami Eiserman, Blood Groups; Jim Moore, Forces in Major Types of Bridges; Cheryl Patterson, Is Milk a Complete Food?; Barb Pfister, The Story of Caves; Sue Severson, Precipitation: How & Forms; LaDonna Connolly, Euglena; Roy Swanson, Land Reclamation; Kathy Wurster, Physical Basis of Heredity.

Seventh Grade winners were: Donna Crichton, The Effects of Light on Plants; Dave Hartwig, Light Environment; Cathy Moore, Color in Our Lives; Martin Phillippi, Seed Germination; Sheila Rajkovich, Protein; Robin Rohweder, Probability; Bill Severson, Purification of City Water, and Hank Weber, Coal in Illinois.

Donald Strickler, 8th Grade Science teacher, is sponsor of the Science projects at Lake Villa Grade School.

Winners of Firsts at Antioch High School were Heather Hunley, sophomore, Genetics of the Shetland Pony; Mike Patterson, sophomore, Chiroptera; Edward Jenner-

(continued on page 5)

GOP To Honor Murrie, Ring At Dinner Party

Final planning for the Antioch Township Republican Club's 10th annual Spring Dinner Party and Installation of Officers set for Friday evening, March 31, at Lorenz's Smart Country House, has been completed and all is ready for fun and frolicking.

Slated to receive special honors are Antioch's own Lloyd "Red" Murrie, chairman of the Lake County Board of Supervisors, and Blaine Ring, township highway commissioner. Both are unopposed in the upcoming township election.

Also slated for special treatment is Loren Saxauer, prominent Antioch realtor and long line Republican faithful. A lifetime membership in the ATRC will be presented to him.

Rumor has it that retiring president Herb Horton will

be up for hazing of some sort, but details are lacking, and normally well informed sources are playing it dumb.

W. J. "Bill" Murphy, veteran state legislator, will install Gene Zannini as president; Herb Horton and Larry Stern, vice presidents; Jim Olson, secretary; Elmer Eberman, treasurer; and Olaf Mathison, sergeant-at-arms.

For the ladies' auxiliary, Helen Burke will take the presidency; Louise Murrie, vice president; Emily Novotny, secretary; Agnes Van Patten, treasurer, and Rose Schaffer, sergeant-at-arms. Tickets may be obtained from any ATRC members, or from William E. Brook at the State Bank, and from Marcelle Jesse at the township office.

Cocktails will be served at 7 p.m. There will be no speeches. Just food and fun.

Walls Gets Awards In 3 Sports

More than forty athletes received awards at the Lions Club Annual Athletic Banquet held Monday night at Antioch High School.

Tyrone Walls received Most Valuable Player awards in three sports—basketball, football and track.

Wilford Wells, a sophomore, received the Most Valuable player award in Wrestling. Wilford went to the State finals in Champaign.

Tom Doolittle, a senior, received the Most Valuable award in Cross Country.

Two young men who graduated last June received the Most Valuable awards in baseball and golf—Ron Stanek in Baseball and John Jedele in golf. Because the athletic banquet is scheduled yearly before these awards can be made for the current year, the formal announcement is late.

Medical Assistants To Meet Wednesday

The association of the Lake County Medical Assistants will meet March 29th at 7:30 p.m. at Condell Memorial Hospital in Libertyville.

The program, a film on natural and instrument birth, will be presented by Ortho Pharmaceuticals.

H.S. Board Hears State Suggestions

The Antioch High School Board, at the regular meeting last Wednesday, heard a report made to the Office of the State Superintendent of Schools after a visitation at the high school on January 5.

The school was visited by James Flood, Assistant County Superintendent of Schools; John Orr, Guidance Supervisor; Richard Mozier, Social Studies Supervisor, and Richard Naber, Foreign Language Supervisor.

Approval of the curriculum, administration, staff, equipment, and most aspects of the High School were expressed in the letter. To quote from the letter, "The climate for learning in this school is excellent."

Suggestions and recommendations made for the improvement of the school covered five points: (1) A self-evaluation study would be a desirable administrative staff project. Out of such a study might come desirable changes in curricula, course content, scheduling, building usage, activities, and other aspects of the total program.

2. Increasing enrollment will soon bring about the need for another building addition. Gymnasium facilities for both boys and girls are somewhat limited. A new gymnasium for boys' physical and basketball games should be planned as well as classrooms. The present room used for vocal music is much too small.

3. Further site acquisition will be necessary. Long-range plans might well include the purchase of a site for a second high school.

4. Various areas of the older parts of the present building will continue to require increased maintenance and possible renovation. The wood shop and the metal shop need redecorating.

5. There is a need for better articulation of the high school program with the programs being offered in the underlying elementary schools.

The curriculum committee for the 1967-68 school year presented four recommendations which were approved. Dr. Albert Bucar is chairman of the committee, with Roger Prossie and Robert Lindblad comprising the rest of the committee.

Their recommended action (continued on page 5)

Christmas Poinsettia Blossoms For Easter

Mrs. Myrus Nelson of Antioch will have an unusual flower on display for Easter—a Christmas poinsettia.

The poinsettia was a gift from Mr. and Mrs. Raymond Wells of Waukegan. Helen received it two weeks before Christmas.

In the months since, the plant has not lost a petal nor a leaf. Helen has watered it once a week and kept it in a 70 degree room.

In repayment for this tender care, the plant is as beautiful at Easter as it was at Christmas.

8th Graders To Register At H.S.

The Guidance Department at Antioch Community High School announces that registration of eighth graders who will be attending the high school as freshmen in September 1967 will be conducted on April 7, 10, 13, and 14, from 6:30 p.m. to 9:30 p.m. in the high school library.

All the applicable families have been notified by letter of their specific appointment time. Parents and prospective students have been invited for the interviews.

Schedule Tryouts For PM&L Play

Try-outs for "Take Me Along," a musical, will be held at the PM&L Theatre in Antioch from 7 to 9 p.m. March 31 and from 4:30 to 6:30 p.m. April 1 and 2.

Steve Krotz will direct the musical, which will be given the last week in July and the first week in August. A large cast is needed, according to Mr. Krotz.

Easter Egg Hunt Is Big Success

More than 250 gifts were given to children joining in the Jaycees Easter Egg Hunt last Sunday. The prizes were given by Antioch businesses.

Winners of the three large prizes were Scott Garraughty, the bike; Ronald Vos, the tricycle, and Andrew Dugenske, the wagon.

S. BOYER NELSON HOSPITALIZED

S. Boyer Nelson is in a hospital in California following hip surgery about a week ago. His son, Harold, recently returned to Antioch, reports that Mr. Nelson is recovering nicely and would like to hear from some of his friends in Antioch. Address him, c/o Wendell Nelson, P. O. Box 668, La Jolla, Calif.

Board Approves Sewer Project

After a hearing held before the regular meeting of the Village Board Tuesday night, the Board of Local Improvements recommended that the village go ahead with the project to install sewer and water mains to Hennings Court and Hillside Avenue. A previous hearing had been held on Feb. 22.

Residents of the area affected were present to ask questions and voice objections. All those present finally declared they were in favor of the project.

The cost of the project will be paid for by special assessment of the property owners to be served by the line.

Representatives of St. Stephen's Church were present and asked for a definite answer as to whether or not the line would be installed. The church would be one of the properties served by the line. They expect to start construction soon, the representative said, and would need to know whether or not they would need a septic system before letting the bids. Village Attorney Ed Jacobs said a definite

answer could not be given until after a court hearing on the special assessments.

Evan Morgan, from Pickard, Inc., asked that the village cooperate in installing a storm sewer to drain excess water from Pickard property at the rear of the present plant. Pickard plans to build an addition on the property, he said, and it is flooded with overflow from the Antioch Grade School and Williams St.

Mayor Ray Toft explained that all cost of sewers is borne by the owners of the property served, and turned the matter over to the surface water committee for study.

Einar Petersen complained that ice fishermen on Lake Antioch were creating a hazard by parking on Hillside Ave. and that the road, lake and private property are constantly littered with their refuse. The board approved

an ordinance to create a No Parking zone on Hillside and confine parking on Hennings Court to the north side of the street.

The board approved a motion that the village lease the parking lot adjacent to the Barnstable & Brogan building at a rental of \$1 a year. The village will police and plow the area.

Mayor Toft reported that residents of Oakwood Knolls has asked that lights be installed at Lakewood and Lake Court, Lakewood and Edgewood and Elmwood Lane and Maplewood, and also that street signs be re-installed. Edgar Simonsen, superintendent of Public Works, said the street department had picked up the signs which had been knocked down and would re-install them. He was directed to contact Commonwealth Edison about the lights.

David Nissen, chairman of (continued on page 8)

P.O. Makes Largest Mailing To Viet Nam

Post Office personnel project to supply Kool Aid, broths and other items to Antioch area service men and women in Viet Nam made the largest mailing last week since the project began Feb. 6.

Forty-five individually addressed packages are on the way to Antioch people serving in Viet Nam. Included in the packages were a generous supply of beef broth and chicken broth, as recommended by Lt. Col. Coover, the nurse recently returned from a year in Viet Nam. Col. Coover dropped in at the Post Office during her short stay in Antioch to visit with Postmaster Joe Wolf and thank him for the packages sent to her at the

hospital in Viet Nam where she was head nurse.

Packages to our servicemen also include tea, life-savers, mint rolls and other hard candy, razor blades, ball point pens, lighter flints, playing cards and paper back books.

"When they receive these packages, it should bring a measure of gladness into their hearts at being remembered by the good people back home," Postmaster Wolf said. "This thing we are doing for our service men and women is nothing compared to the sacrifice they are making for us."

Postage on the latest shipment of packages to Viet (continued on page 8)

Another 1st Rating For AGS Band

The Antioch Grade School Band, for the 13th consecutive year, won a first Division rating at the Illinois Grade School Band District Competition last Saturday.

The AGS has never received less than a First Division rating at the District Contest, a record that few bands in Northern Illinois can match.

There were 32 bands entered in the contest, which was held at the Beach Park Grade School in Waukegan.

The band and ensembles now have about four weeks to prepare for the State Con-

test which will be held at Plainfield.

George Olisar is the Director of the Antioch Grade School Band. The Band has been invited to play at Expo 67 in Montreal next summer. The Band Parents Association is working at various projects to raise money to finance the trip. The fund recently received a boost when the Lions Club gave \$100 to help the cause.

Chester Golonka, president of the Band Parents Association, reports that the fund is at about 50% of the goal.

Win A Color T.V. For Easter

These are the days, folks. Thursday, Friday and Saturday, everyone who visits Antioch stores has a chance to win a 25-inch RCA Color TV or one of 300 other prizes.

It's all part of the Chamber of Commerce promotion "Color Me Easter." You can sign a coupon in each store you visit on these three days

—no purchase necessary—and that automatically gives you a chance at a prize.

To add to the pre-Easter spirit, two real live Bunnies will be roaming the streets of the business section, handing out candy to children. The bunnies will be two Antioch High School girls, Jo Ann Lozowski and Carol Hor-

wath.

At 2 p.m. Saturday, each merchant will ask a visitor in his store to draw ten names from the box. The ten names drawn will win prizes in that store. In addition, the names will go into a drawing for the color TV.

The drawing for the color TV will be held at 3 p.m. at

the village parking lot Saturday, March 25.

Doug Olson, chairman of the promotion, points out that it will be to everyone's advantage to sign up as many times as possible. However, children will not be allowed to sign unless accompanied by an adult.

Science Fair winners are presented with \$25.00 Savings Bonds by the State Bank of Antioch. Left to right, vice president Jack Fields, Linda Crichton and Wendy Rowley.

The Band Fund gets a hand from the Lions Club, as vice president Ward Lear presents Chester Golonka, president of the Band Parents Association, with a \$100.00 check. Left to right, George Olisar, Band Director; Ward Lear, Chester Golonka, and Ray Jensen, treasurer of the Lions Club.

EDITORIAL

Man & Easter Sunday

GUEST EDITORIAL

By Charles B. Watson

We are aware of the fact that man in his hours of reflection develops many strange thoughts and ideas for consideration.

God in his infinite wisdom and supreme understanding of man's habits, weaknesses and his limited desire to obey spiritual laws, created by God, has caused the Creator to be most merciful and patient in his expectations of man's obedience; because man has asked the question: Lord, what is man, that thou art mindful of him?

The Easter Season is in reality the glorification of God's sacred promise to mankind; that Christ would rise from the dead on a given day; and God's promise is always sure.

Just what is there about Easter Sunday that causes man or the majority of mankind to set aside one particular Sunday out of the year to worship God? Can it be man's limitation of understanding or is it his ego that makes him think that he has honored God by respecting this day of days?

Facts are always facts, and no matter how hard we try or how determined we are, they cannot be altered to fit a special occasion; for God understandeth our thoughts afar off.

But in our hope for mercy we ask God to defend us from the evil intentions of our enemies and to support us under the trials and afflictions we are destined to endure while traveling through this vale of tears. Will God in his goodness and mercy recognize man's weakness and lack of consecration and understanding; permit this to become a fair request and grant it?

In all sincerity and frankness, let us consider or meditate for just a few moments on a few convincing thoughts that have a definite bearing on our spiritual life.

C. Austin Miles, in his beautiful hymn, "In the Garden", has this to say to us, and I quote the soul-satisfying thought: "For He (Christ) walks with me and he talks with me, and he tells me I am his own; and the joys we share as we tarry there, none other has ever known".

How can man question the reality of such relationship?

Let us go a step farther and refresh our memory with the sacred thought found in a hymn by John M. Baum: "Spirit of God descend upon my heart; wean it from earth, through all its pulses move; stoop to my weakness, mighty as thou art, and make me love thee as I ought to love."

And finally, let us meditate on the sacred words, found in the beautiful hymn by Isaac Woodbury: "Were the whole realm of nature mine, That were a present far too small; Love so amazing, so divine, Demands my soul, my life, my all."

These hymns do not represent groups of words thrown together simply to make up a hymn book; they represent sacred thoughts that have been carefully grouped together to convince man that God in his unlimited love for man is thoughtfully and prayerfully reasoning with him to accept the greatest blessing that can possibly come to mankind: The reality of Eternal Life.

May Easter Sunday call forth a renewed devotion to a Risen Lord.

Courthouse Notebook

BY LOU OURKIN

Present efforts in the Illinois General Assembly to pass a bill that would open the way to legalized bingo in Illinois are gaining some strong and some strange adherents.

The bill now being pushed is not too different from the legislation proposed six years ago by State Representative W. J. Murphy, legislation which earned him the sobriquet, "Bingo Bill" among the anti-bingo press.

Surprisingly enough one of the most bitter foes of the Murphy Bill was Jack Mabley, a Chicago columnist who is now pushing for legalized gambling.

Perhaps it was too easy for the scribes to ridicule the legislation by making it

Bingo Bill's Bingo Bill and suggesting that because Rep. Murphy supported the legislation it must be unsavory. The present legislation under consideration, like Murphy's bill, provides for a local option referendum and controls that would insure the state a piece of the action and the rest of the proceeds earmarked for "worthy causes."

If the bill is passed and a state czar of bingo is appointed to determine which causes are "worthy" to be recipients of bingo boodle the state has one volunteer for the post right now.

Some of the propaganda being used by these advocates of legalized bingo sound suspiciously like those used by oth-

The Antioch News

Now that the new Federal Traffic Safety Act has been passed, auto manufacturers will build safer cars. This may help reduce the 50,000 traffic deaths reported in 1966 by the National Safety Council.

A greater and more important factor is the human element. An automobile can't be blamed when it travels at reckless speeds and smashes into another vehicle or pedestrians. The car doesn't do the driving.

The blame for auto accidents, fatal or fender-bending can be attributed to the physical, mental, emotional and physiological impairments of individuals.

A report emanating from the Committee on Standards for Motor Vehicle Drivers of the Industrial Medical Association shows that thousands of car drivers are afflicted with dangerous ailments such as heart trouble, diabetes, epilepsy, alcoholism, brain damage and failing vision. These people should not drive automobiles.

A solution to the problem is to subject all drivers to submit to mental and physical tests by qualified Doctors each time their driver's licenses come up for renewal.

Presently, Pennsylvania is the only State to have such a law. In their first year of testing drivers, 12% licensed to drive were in such condition that they should not ever drive an automobile.

A study of 3,075 drivers who were barred from driving disclosed this amazing information: 1,050 had mental illness, 145 nerve disorders,

ers who foster legalized gambling of all types.

Illinois may not be ready just yet for bingo and a state lottery, also being considered but there is enough sentiment in favor of these methods of raising needed state revenue to almost insure that some type of legislation will be passed, subject to voter approval, in the next few sessions of the legislature.

The Association of Collective Taxpayers in its publication Spotlight has singled out four township supervisors for replacement: Kenneth Henke, of Benton; Lloyd Fritz, of Newport; Ernest Mintern, of Zion, and Mrs. Lillian Wirtz, of Fremont.

In the newsletter the ACT lists various amounts alleged to be the salaries paid the quartet, but the information does not specify of the income is for one year, two years, or eight years.

For instance the letter states that Henke has been paid in excess of \$65,000 which is certainly a startling figure for one year, but might not be so startling over 10 years.

If the ACT is to attack a candidate for office it should use honest figures and be a little more specific in their attacks on the candidates they oppose.

More honest and objective presentation of their arguments might make them more believable in all their crusades.

Lake County supervisors were somewhat taken back the other day when DuPage County came out in favor of a proposal that would redistribute county boards.

The DuPage supervisors, good Republicans all, are supporting a bill proposed by a Democrat who has admitted in the past that one reason for the bill is to break up the Republican "courthouse gangs" that have been the power base for the GOP in Downstate counties for generations.

Lake County officials are prone to follow the lead of DuPage in most county matters, but it is doubtful if they follow in this instance, although Supervisor Robert Depke, of Warren, has indicated he sees some merit in the proposal.

State Senator Robert Coulson, of Waukegan, has never been a favorite of the tavern and restaurant industry, but he seems to be going out of his way in this session to alienate them.

Sen. Coulson, one of the Senate leaders, has sponsored or supported virtually every anti-tavern bill that has come up during the session.

301 with circulatory and heart trouble subject to blackouts, 241 with uncorrectable eyesight, 43 alcoholics, 118 paralytics addicts, 84 epilepsy cases, 38 diabetes cases and 1003 with various disabilities that disqualified them from driving cars. One cab driver could have qualified for blind pension.

These facts are true in Pennsylvania and can also be the same in Illinois or any other state. Soaring statistics show an urgent need for such a testing program in all States.

A Code of Health Standards should be set up by the Department of Traffic Safety and the State Health Department, for the examining physicians to follow. Each Driver's license applicant should pay the Doctor's fee.

This procedure would greatly reduce automobile accidents regardless of car safety. Authorities should study the Pennsylvania system and act quickly.

Antioch News
Antioch, Illinois
Attention: Letters to the Editor

The United States is fighting a war which it does not seem anxious to win. While our boys are being killed by Russian guns, we ask for increased trade with Russia. While we are at war with Communism in Viet Nam, we invite our sworn enemy into our own cities through the consular treaty. Even though American boys are unprepared for guerrilla fighting in a tropical climate, we refuse to accept the help of Chiang Kai-shek's half million men, the best-trained Asian guerrilla troops in the world. While we are supposed to be all out to defeat the Viet Cong, we continue to impose incredible handicaps on our soldiers.

Our bombers carry only a small fraction of the bomb load they could carry. In bombing the supply route to the Viet Cong, known as the Ho Chi Minh trail, our bombers must confine their attacks to targets within 204 feet of the trail itself. Communists who pull off to 205 feet from the trail are perfectly safe. And we have yet to blockade the Haiphong harbor!

I don't know the purpose of prolonging the fighting in Viet Nam, but I doubt that it is worth 100-200 American dead every week. Why can't the most powerful nation in the world win this war, establish peace, and bring our boys home?

Sincerely,
Mrs. Marjorie Kohls

Teacher Of The Week

Elmo Edwards, ACHS Science Teacher

One of the teachers from the Antioch Community High School staff will be spotlighted in this space each week. A brief background story of the teacher will accompany the picture.

E. W. EDWARDS

E. W. Edwards has been a member of the ACHS staff for 28 years. He's chairman of the Science Department and Athletic Tickets manager. He was Assistant Principal at ACHS from 1939 to 1957.

Mr. Edwards and his wife, Shirley, have a son and a daughter. Jane will graduate from the University of Michigan in June, and Jim is a sophomore at the University of Illinois.

Mr. Edwards was born in southern Illinois. He lived in Norris City, Ill., through

his early school years and attended Carmi Township High School. Then he attended Southern Illinois University, where he received his Bachelor's degree. He received his Master's degree from the Colorado College of Education. He has since earned extra credits at the U. of Ill., the U. of Indiana, the U. of Chicago, Northwestern U., Bowdoin College, U. of Nevada, and the U. of Rochester. He has 32 credits beyond his Master's degree.

While in High School, he was a member of the track team and has coached golf, track, baseball and basketball in high school.

His hobbies are travel, golf, fishing, and photography. He is a member of the Methodist Church and the Masonic Lodge.

Your Congressman Reports....

By Cong. Robert McClory

Although there have been a number of cases where persons have been denied their seats in the Congress, the Adam Clayton Powell case is unique in congressional history.

Adam Clayton Powell has been charged with certain serious offenses of misconduct including the loading of his congressional and committee payrolls, the conversion to his own use of monies purporting to have been earned by his estranged wife, the use of committee credit cards under fictitious names, and failure to report fully the amount of foreign currencies expended by him and members of his staff.

In addition, criminal contempt charges were brought against Powell, arising out of a libel judgment in the New York courts. At least one of these charges was later reversed on appeal. Indeed, at the time of the investigation of his conduct by a select committee of the House of Representatives, as well as when the full House membership considered his case, no final judgments of criminal misconduct had been rendered against Powell.

The prerequisites for a United States Representative are set forth specifically in Article I, Section 2, of the United States Constitution. It is provided there that a Representative in Congress must be (a) 25 years of age, (b) a citizen of the United States, and (c) an inhabitant of the state from which he is chosen. All seem to agree that Adam Clayton Powell satisfied these constitutional requirements at the time of his election.

However, the Constitution also provides that: "Each House shall be the Judge of the Elections, Returns, and Qualifications of its own Members." Still another part of the Constitution authorizes the House to punish its Members for disorderly behavior, and to expel a Member with the concurrence of a two-thirds majority.

Having due regard for

these constitutional provisions, it was the unanimous judgment of the Select Committee appointed to investigate Mr. Powell that in order to punish him, it was first necessary to seat him as a Member. In addition, it should be pointed out that the punishment recommended by the Select Committee was the most severe ever meted out to a Member short of complete expulsion. However, these recommendations of the Committee were rejected by a vote of 202 to 222 and the membership thereafter voted to "exclude" Mr. Powell from the House. The basis for many Members voting as they did was that Mr. Powell's conduct was of such a serious nature and his violations of law so obvious and flagrant, that he should not be permitted to take his seat.

While a serious constitutional question may now arise there is the prospect that Powell could be re-elected to the House of Representatives in a Special Election on April 11, in New York's Harlem District. If Powell is re-elected by the Harlem voters or if the Supreme Court overrides the House of Representatives' actions on March 1 (which the Court may have the power to do), the Adam Clayton Powell case will be back in the lap of the House of Representatives.

The Adam Clayton Powell case has blighted the image of the Congress and harmed the reputation of all its members. Notwithstanding this unfortunate consequence, the overwhelming majority of the remaining 433 Members of the House are men and women of integrity and character who observe the highest standards of ethics and conducts. It is to be hoped that the United States House of Representatives will promptly establish a permanent Committee on Ethics and Conduct to help assure that no future Adam Clayton Powell case arises and that the Congress may regain the high esteem in which this greatest legislative body in the world's history should be held.

OCALA, FLA., STAR-BANNER: "Margaret Mead, the anthropologist, has made an intriguing point on why some young folks behave the way they do... Calling on her years of experience, Miss Mead says it is ridiculous to think that dances and dress styles of today's young people indicate a change in the morals of youth alone. 'The notion that college students do things without the active collusion of adults is nonsense,' she says. Her words cause something of a shock, but they are worth pondering. 'Think hard about it. She just may have the right party squarely on target.'"

As It Happens —

By Rep. W. J. Murphy

Increased aid to Schools

From the very start of the Session, there has been tremendous pressure from School Administrators and some PTA groups for increasing the State Aid to schools. The State now contributes \$330.00 per child. The requests have been for aid up to \$600.00 per child. However, those suggesting such a figure do not tell us as legislators where we are supposed to get the money to return this much per pupil to each school in the State.

It has always been a policy of the Republican Party and of this writer to do all in our power to aid education and to help relieve the load on the local taxpayer. The catch to the whole story is that the local taxpayer is also the State tax payer—and in one way or another he is going to pay the bill. After many meetings and much research, the Republicans who are now the major party in the General Assembly have pretty much agreed that the State Aid should and will be raised \$70.00 per pupil. From \$330.00 to \$400.00 so as to provide a quality common school education to every child in our State and at the same time provide this extra aid to our financially hard pressed school districts and some relief to our homeowners who pay the Real Estate Tax.

We know this will not satisfy all school administrators, but we in the Legislature have to be realistic and only grant what we see we can raise the money to pay without new taxes or raising existing taxes. We believe we can raise this new needed Revenue by broadening the tax base on occupational taxes without raising existing rates.

City Sales Tax and the "Rock"

There is great pressure from the City of Chicago and from the Mayors of many of our other villages, cities and towns in our State (both Republican and Democrat) and including my friend the "Rock", the Hon. Robert Sabonjian of Waukegan to grant the Municipalities another half cent increase in sales tax. They claim the people (and I underline people), are clamoring for more and more services and/or improvements and that they must have this added one-

half cent sales tax to grant their demands. I wonder? I visit with a lot of people in my District and I fail to hear them asking for more services or more governmental bureaus. Most of them say, "please, just leave us alone" or they say, "please, don't raise our taxes any higher or we cannot pay them." I sometimes wonder if the ones who ARE demanding all these new services, bureaus, commissions, etc., are not the Mayors and the elected or appointed office holders, rather than the people themselves.

I was proud of Waukegan's Mayor Sabonjian back in 1963 when Mayor Daly was asking for this same half-cent sales tax increase. At that time, Mayor Bob came to Springfield and said in behalf of the people of Waukegan, "We don't want it! Let Daley have it if he wants it—I'll run Waukegan on our income." Now Mayor Sabonjian has also joined the parade and is asking for the increase. I am disappointed and puzzled, and as one of your Legislators my answer to him and the rest of the Mayors is "no." Make your budget fit your income. If you need more, go to your people with a referendum and let the people themselves (at home) say yes or no, and not the Legislature! There are already laws on our Statute books to provide for this type of referendum.

This Bill to allow the half-cent increase has already passed committee and is on the floor of the House.

YESTERDAYS

TWENTY YEARS AGO
From The Antioch News of March 20, 1947

Fifty-five Antioch Township High School athletes were to be guests of the Lions Club at a banquet April 14.

The Antioch Fire Dept. was called out to the first grass fire of the season on

By Pearl Kapell

Look up, friend. It may be winter underfoot, but it's Spring in the sky.

At least, it's Spring momentarily. The sun shines (every once in a while) and there's that indefinable feeling that things are stirring and summer will burst through, just any moment.

Flocks of geese, dozens of 'em are being spotted, flying northward in honking arrowheads. Harry Stern reported a huge flock last week. Ed Strang says he heard a big flock paused for a rest near Grass Lake. No open water in these parts yet.

Robins are old stuff, already. People were spotting them in numbers two or three weeks ago.

Easter Sunday coming up, and Doc Solar, Antioch's own weather soothsayer, says you might as well leave that new Easter bonnet at home. A little snow for Easter, says Doc. After that mess of slush that Monday brought us, who needs snow? Well, we can always hope that Doc's wrong.

Anyway, the calendar says it's Spring. And that's really

Shannon Ave.

A group of friends surprised Mrs. Eugene McDougall with a birthday party.

TEN YEARS AGO
From The Antioch News of March 21, 1957
Spring came to Antioch with one inch of snow.

The Antioch High School basketball team finished second in the conference.

The new convent at St. Peter's Church was nearing completion.

Two AGHS Students Are Commended

Letters of Commendation honoring their high performance on the 1966 National Merit Scholarship Qualifying Test (NMQT) have been awarded to two students at Antioch Community High School, Guidance Director, E. L. Kurek has announced.

Those named Commended students are Bruce R. Muir and Louis E. Tanner. They are among 38,000 stu-

all we need for the moment. Even if we are wading through slush, it can't last long.

SAFETY ON THE HIGHWAYS: Harry Stern, who is a member of the Lake County Safety Commission, points out that the entrance to Lake Ave. from Route 173, at Channel Lake, is a safety hazard. The people who travel this road all the time will agree with him.

Lake Ave. enters 173 on a curve. Particularly at night, the entrance to the road is confusing, partly because of the large gas station immediately adjacent to it.

Harry suggests that it would be much better if the old Lake Ave. were re-opened, for north bound traffic only. We heartily agree.

dents in the United States who scored in the upper two percent of those who will graduate from high school in 1967. The Commended students rank just below the 14,000 Semifinalists announced earlier this month by the National Merit Scholarship Corporation (NMSC).

John M. Stalnaker, president of NMSC, said: "The outstanding record made by these students in a national competition deserves public recognition. Their significant academic attainment gives promise of continued success in college."

"The Commended students should be encouraged to pursue their education as their intellectual talent represents an important and much needed natural resource. Our nation will benefit from their continuing educational development."

Only the highest-scoring students in each state, the Semifinalists, remain eligible to be considered for Merit Scholarships. Although students receiving Letters of Commendation advance no further in the Merit Program, their names are reported to other scholarship-granting agencies and to the colleges they named as their

first and second choices at the time they took the NMQT. These colleges also receive reports of home addresses, test scores, anticipated college majors and career intentions of the Commended students. NMSC encourages these students to make every effort to continue their education.

Gels License Back

Secretary of State Paul Powell today announced the Drivers License Division of his office has rescinded the revocation of the license of Donald R. Brausam, R. R. 1, Box 548, Antioch.

This action was taken following receipt of information from the Circuit Court of Lake County that a previous report of a guilty finding on a charge of drag racing was in error and that the case was set for trial at a future date. Therefore, pending final disposition, there is insufficient basis for the Order of Revocation.

All drivers aren't expected to agree with every traffic law, but all drivers are expected to obey these laws. And this shouldn't be too difficult, since the basic purpose of these laws is to prevent accidents and save lives.

DRIVING

Traffic Safety

by Paul Powell
Secretary of State

It has been frequently said that a courteous driver is a safe and sure driver. Courtesy on your part when behind the wheel may save your life and the lives of your loved ones, besides making it more relaxed for everyone concerned.

There are some careless drivers who believe in "riding" the horn of their vehicle. Always remember that the one time a horn should be used is when such action will avoid an accident. Annoying obsta-

cles cannot be blown out of the way. Also besides showing a lack of courtesy, a hornblower may startle another driver so much that he could lose control of his vehicle and perhaps be responsible for causing an accident.

One of the most flagrant forms of driver discourtesy is double parking unless an emergency calls for it. One could assume that a person who double parks can be considered lazy or one who shows little regard for the rights of others. A double parked car often blocks an entire lane of traffic and can prevent legally parked cars from pulling away from the curb. In addition, traffic is often crowded into outer lanes and can cause unnecessary collisions.

And a closing note for the ladies. Don't ever consider it discourteous for a man to get into a car from the curb side ahead of you. He could well be killed or injured if he went around to the other side of the car on a busy street. His company is more important than his possible lapse of a gentleman's courtesy.

For a copy of "Rules of the Road" write to Paul Powell, Secretary of State, Springfield, Illinois.

"Swingin' Styles" Theme For Spring Fashion Luncheon

"Swingin' Styles" is the theme for spring at the annual fashion show and luncheon to be given by Carmel High School Mothers' Club on Saturday, April 1, at 12:30 p.m., at the school in Mundelein.

The talents of the members have been put to use for all phases of this special event, according to the chairman, Mrs. Henry Schueneman of Waukegan, and co-chairman, Mrs. Edward Gedman of North Chicago. Fashion coordinator is Mrs. John Kane of Lake Forest, an experienced model, and commentator will be the well-known actress, Toni Gilman, also a Carmel mother from Highland Park. The luncheon is being catered by Mrs. John T. Healy of Mundelein.

Assisting are these committee members from the area: Program, Mrs. Bernard Hogan of Mundelein; Tickets, Mrs. Charles Hallett of Antioch; Decoration, co-chairmen, Mrs. Vincent Stonis of Antioch and Mrs. Werner Koehling of Libertyville; Tables, Mrs. LaVergne Newton of Antioch; Usher-

ettes Mrs. Edward Wolff of Grayslake and Mrs. Matt Stillman, publicity.

Fashions shown will be from Vivian Petersen's town Shop of Lake Forest and Robertson's Women's Apparel of Lake Forest. The models include Mrs. Frank Lesnak of Waukegan, who was chairman of last year's fashion luncheon; Mrs. LaVergne Newton of Antioch; Mrs. E. Magnaficht of Round Lake; Mrs. Joseph Birong of Grayslake; Mrs. Wallace Rott of Lake Zurich; Mrs. Michael Miotto of Highland Park; Mrs. Edward Leahy of Lake Bluff; Mrs. George Kanin of Deerfield; Mrs. Theodore Coufre and Mrs. John Azzafro of Mundelein; Mrs. John Klocke of Lake Forest; Mrs. Charles Scott of Libertyville; Mrs. Herbert Schaus of Libertyville. Posters are the original art work of students at Carmel Art Department under the able direction of St. M. Robert Patrice, R.V.M.

Reservations for the tickets may be purchased until March 28th from all committee members or at Carmel Girls School.

Campus News

TO GET DEGREE

Cornell College, Mount Vernon, Iowa, announces that Miss Janet Polley is a degree candidate with a major in English. She will graduate in June with a Bachelor of Arts degree. We have enjoyed having Janet on the campus and are proud of her academic and extracurricular record. She held positions of leadership and responsibility during her four years and was selected to study abroad on the Experiment in International Living Program the second semester of her junior year.

Janet is a 1963 graduate of Antioch Community High School and is the daughter of Mr. and Mrs. Warren Polley, 998 Osmond, Antioch.

JOINS FRATERNITY

Thomas Blackburn, son of Mr. and Mrs. John Blackburn of 1026 Lauren St., Antioch, was recently initiated into Sigma Phi fraternity at Illinois College.

Blackburn is a freshman at Illinois.

ON DEAN'S LIST

Judith Turner, daughter of Mr. and Mrs. O. W. Turner of Rte. 2, Box 132, Antioch, has been placed on the Dean's List at Illinois Wesleyan University for the first semester of the 1966-67 school year. Students with a grade-point average of at least 3.250 for courses taken during the semester are included. An average of 4.0 is a straight-A.

ACCEPTED FOR FALL ENROLLMENT

James A. Greer has been accepted for admission at Indiana Institute of Technology, Fort Wayne, Indiana, beginning with the start of the Fall, 1967 quarter. He will be enrolled in the Department of Chemical Engineering.

James is the son of Mrs. Martha E. Greer, Rt. 2, Box 164, Antioch.

AT NORTHROP INSTITUTE

Rodney Vincent Cali, son of Mr. and Mrs. Joseph V. Cali, 1808 Fairfield Road, Lindenhurst, is now attending Northrop Institute of Technology in Inglewood, Calif. Studying Airframe and Powerplant Maintenance at Northrop Technology, Cali is preparing for a career as an aviation maintenance technician.

Rodney was graduated from Antioch Community High School in June 1966.

ACCEPTED FOR SWARTHMORE

Jerry Whitson, star athlete at Antioch Community High School, has also realized a singular academic honor in being admitted to Swarthmore College in Swarthmore, Pennsylvania. The following note from the Director of Admissions, "On behalf of the Midwest Scholarship Committee, I am extremely pleased to be able to tell you that you have been selected the winner of the Midwest Scholarship for Men for the coming academic year. The Committee was most impressed with your credentials as well as your interview, and asked me to express to you their real desire that you attend Swarthmore." This scholarship will continue for all four years of college subject to a satisfactory academic record.

He is the son of Mr. and Mrs. Bruce Dalgard, 627 Main St., Antioch, and is attending the University of Illinois at Urbana.

His brother, Airman First Class Gary P. Geier, is now stationed at Chanute Field, Rantoul. Airman Gary Geier attended Waukegan Township High School and enlisted in the Air Force in 1960. He had formerly been stationed in Japan and in Texas. His wife Janet is the daughter of Mrs. Bill Anderson, of Waco, Texas. They have a two year old son, Michael, and make their home in Rantoul, Ill.

He is the son of Mr. and Mrs. Bruce Dalgard, 627 Main St., Antioch, and is attending the University of Illinois at Urbana.

MYF To Present Sunrise Service

The Antioch Methodist Youth Fellowship will present the Easter Sunrise Service at the Antioch Methodist Church at 6 a.m., March 26. The entire service will be performed by the MYF with several persons taking part in the worship service at the altar.

Featured will be a tenor solo by James McDowell with accompaniment by Linda Silanoff. There will also be an obituary selection by Debbie Chandler.

The service will be followed by a Continental breakfast in Wesley Hall, which will be served by the MYF.

Everyone is invited to attend.

Grass Lake P.T.A. To Work On Referendum

Coroner "Pat" Clavey was the featured speaker at the meeting of the Grass Lake School P.T.A. Mr. Clavey discussed juvenile delinquency.

A committee was formed to work on the April 8 referendum to increase the educational tax rate. Sandra Dietz is chairman of the committee.

Bruce Worswick, chairman of the nominating committee, submitted a slate of officers for the coming year. Nominated were Bernice Seymour, president; Lape Albright, vice president; Joan Shute, secretary; and Betty Jane Brown, treasurer.

Births

Mr. and Mrs. John E. Van Patten, 251 Broad St., Sumter, S.C., are the parents of a son, John Edward, Jr., born March 18 at Twomey Hospital in Sumter. John Jr., weighed 6 lbs. 9 oz.

Mrs. Van Patten is the former Mary Rowland of Sumter. John is the son of Mrs. Dorothy Van Patten, Antioch, and the late Marvin E.

SECRETARY FOR PROJECT RENEWAL

Mrs. Ben Albergo, 9 Zillenger Lane, Antioch, has been named executive secretary to serve St. Peter's parish for Project Renewal.

SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

DRUGS OFTEN POSE DRIVING HAZARD

Everyone knows the dangers of driving under the influence of alcohol. But did you know that driving under the influence of drugs can be just as hazardous?

Just what drugs might impair your driving? There are many types, ranging from true narcotics to simple cold remedies.

Here are some of the more common ones:

AMPHETAMINES, more popularly known as "benzies," "pep pills," and "thrill pills" are perhaps the greatest threat to drivers.

Legally, these drugs—which increase mental alertness by stimulating the brain and nervous system—can only be obtained with a doctor's prescription. However, drug bootleggers, promoting the belief that "you can drive without sleep and never miss it," illegally sell them to truckdrivers and other highway drivers.

Unfortunately, most people fail to realize that the increased mental alertness produced by amphetamines is very short-lived. What's worse, these drugs frequently induce headache, dizziness and extreme fatigue. These effects can eventually cause drivers to collapse. But before collapse, drivers usually go through a period of decreasing driving alertness, although they feel they're driving very well.

These drugs can also lead to a badly overworked heart as well as sudden death, when taken without medical supervision.

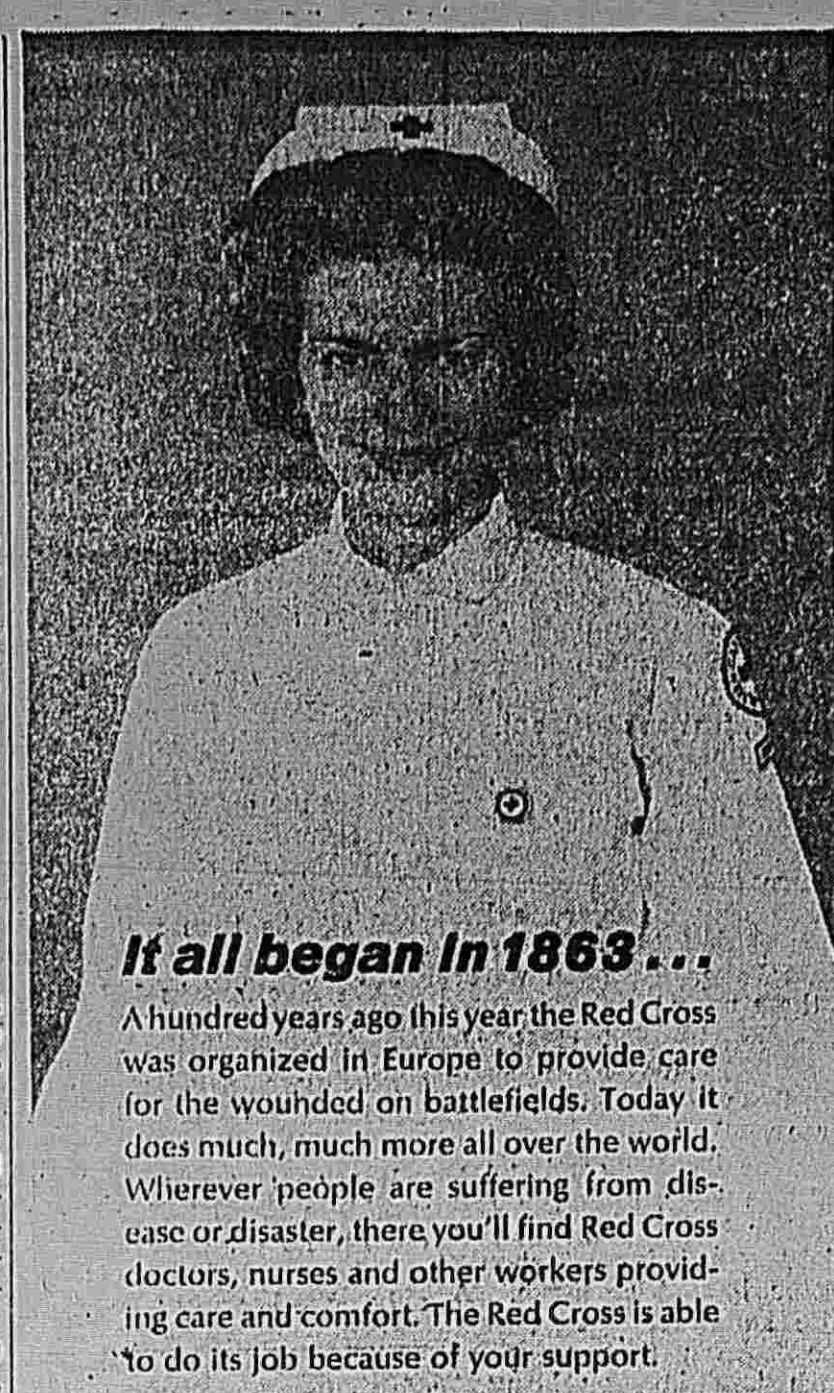

BARBITURATES AND OTHER SEDATIVES, usually prescribed to calm jittery nerves and induce sleep, are another serious driving hazard.

The side effects they may produce vary greatly depending on the individual. Some become drowsy and confused. Others may experience tremors. Should your physician prescribe such a drug for you, make sure you know how it will affect you before getting in that driver's seat.

TRANQUILIZERS also pose a danger to drivers. Generally speaking, these drugs help relieve anxiety. Sometimes they're also prescribed to reduce high blood pressure.

Even in normal doses tranquilizers may bring on dizziness or drowsiness—especially if combined with alcohol and other drugs.

ANTHISTAMINES, used to combat allergies and relieve nasal congestion due to colds, are another threat to safe driving. You see they, too, may produce confusion and drowsiness, just as the barbiturates and tranquilizers.

It all began in 1863...
A hundred years ago this year the Red Cross was organized in Europe to provide care for the wounded on battlefields. Today it does much, much more all over the world. Wherever people are suffering from disease or disaster, there you'll find Red Cross doctors, nurses and other workers providing care and comfort. The Red Cross is able to do its job because of your support.

Always there... with your help

American Legion Auxiliary News

By Del. Jahneke \$1,500.00.

Mrs. Ralph Fields, Coupon Chairman of the Antioch American Legion Auxiliary, reminds the Unit members to bring their labels and coupons on all the various canned and boxed food that are on the eligible list to the April 14th meeting. The Unit coupons go to the 10th District Coupon Chairman, Mrs. George Redmond of Gurnee, and then to the State Chairman. Enough money is realized to help finance many of the American Legion Auxiliary programs.

A special feature of this program is the collecting of Perk, Peak, and Vet-Dog Food Coupons. The Illinois Auxiliary was able to furnish two Seeing-Eye Dogs last year for blind veterans. The approximate cost of the Dog and the Training Program is

\$1,500.00.

Mrs. Edward H. Jahneke, Antioch Unit and 10th District Communications Chairman, formerly called the Radio-TV Chairman, urges all senior and junior Auxiliary members to participate in the "Golden Mike" radio and television programs during the current year. These ballots will be tallied by the 50 Departments (states) at the National Convention, and the winners in both categories will be presented with Golden Mike awards at the National Convention, to be held in Boston, Mass., August 28, 1967. Auxiliary members are asked to name 1—the Best Family Program; 2—Best Special Production; and 3—Best Musical Variety Program. It is hoped that many Auxiliary members will enter this contest.

MOOSE TOPICS

By Lillian Birdsell

The Corned Beef and Cabbage dinner which was sponsored by the Women officers and the appointed officers from the Antioch Chapter was a complete success. Over 100 dinners were served Saturday evening, March 18th. Following the dinner the guests and members stayed for the dancing with live music. Honored guests for the evening were Frenchie Dione and his wife Betty from the Waukegan Moose, and Mrs. Betty Blaney from Canada.

The Zion Benton Ritual team performed the enrollment ceremony for the Loyal Order of Moose at the Antioch Moose Home, Sunday afternoon. Enrolled as new members were the following: Edwin W. Mellies of Ingleside and Milton Soslin of Chicago, both sponsored by Roy Dasko; Edward L. Broniecki of Trevor, Wis.; Galen Powell and Ralph Geithman, all sponsored by Ed Kurtz; John H. Uedell of Antioch, by Gary L. Crank; Robert Sharski of Camp Lake, by Martin F. Stankus; Dan Lubkeman of Bristol, by Lester Sperling; Wayne E. Moran of McHenry, by Dennis Andre; Ray Thelen of McHenry, by Scotty Birdsell.

Re-enrollments were Thomas E. Griffin of Antioch by Warren Andre, and Robert W. Black of Antioch, by John Dupre.

The Antioch Moose Home was host for the Traveling Bowling League on Sunday evening, March 19th, and a dinner was served to over 85 who attended. Antioch, now in 9th place in the standings, lost all three games. Sunday afternoon when playing Fox Lake No. 1. The Traveling Bowling League will meet next at McHenry on Sunday, April 2nd.

Attending the 3rd District meeting held in Fox Lake on Thursday, March 16, from Antioch were Governor Richard Jorgensen and Inner Guard, Scotty Birdsell. Walter Malinoski, vice-president of the 3rd District, spoke on a program for improving conservation. A discussion was held on the coming golf tournament and a drive on the Illinois Moose ties. It was reported that every member should be wearing one of these ties, and they can be purchased from the Moose Association. A State Board meeting will be held at Camp Ross on Saturday, May 20, and enrollment will be held on Sunday, May 21.

Following the Mid Year Conference which was held in Chicago last month, Moose Domains all over are working for the E.M.G.A.M. (Em-gam—meaning—Every member get a member) program. The 3rd District's vice-presidents' dinner will be held in Woodstock, April 1, starting at 7 p.m. Music and dancing will follow.

The Antioch Moose hunting club will meet at the Moose Home, Thursday, March 23, (tonight) at 8 p.m.

Honored At Western Ill.

Dean J. Henry Sather said today that two Western Illinois University students have received honorable mention from the Woodrow Wilson National Fellowship Foundation.

Sather, dean of the school graduate studies, is campus representative of the foundation.

These two students are: John E. Hallwas, 1045 Osmond Ave., Antioch, and Larry G. Skipworth, Jackson, Ill. Hallwas is a senior English major and Skipworth is a senior Economics major.

Sather said: "Western can be very proud of Hallwas and Skipworth. They join an elite group of scholars. Typical instances of the high-caliber candidates who did not win Fellowships but were named as honorable mention winners were:

"A winner of a prestige British Scholarship, junior year Phi Beta Kappa, students with straight A records at highly selective colleges, and, as expressed in letters of recommendation, the 'highest academically rated student in her class,' 'the best man we've had in ten years,' a candidate who 'would be in the top 5 of any class in any college in the U.S.,' and 'the best that I have ever taught.'"

Re-enrollments were Thomas E. Griffin of Antioch by Warren Andre, and Robert W. Black of Antioch, by John Dupre.

The Antioch Moose Home was host for the Traveling Bowling League on Sunday evening, March 19th, and a dinner was served to over 85 who attended. Antioch, now in 9th place in the standings, lost all three games. Sunday afternoon when playing Fox Lake No. 1. The Traveling Bowling League will meet next at McHenry on Sunday, April 2nd.

Attending the 3rd District meeting held in Fox Lake on Thursday, March 16, from Antioch were Governor Richard Jorgensen and Inner Guard, Scotty Birdsell. Walter Malinoski, vice-president of the 3rd District, spoke on a program for improving conservation. A discussion was held on the coming golf tournament and a drive on the Illinois Moose ties. It was reported that every member should be wearing one of these ties, and they can be purchased from the Moose Association. A State Board meeting will be held at Camp Ross on Saturday, May 20, and enrollment will be held on Sunday, May 21.

Following the Mid Year Conference which was held in Chicago last month, Moose Domains all over are working for the E.M.G.A.M. (Em-gam—meaning—Every member get a member) program. The 3rd District's vice-presidents' dinner will be held in Woodstock, April 1, starting at 7 p.m. Music and dancing will follow.

The Antioch Moose hunting club will meet at the Moose Home, Thursday, March 23, (tonight) at 8 p.m.

Terry Dowell

Terry K. Dowell, the son of Mr. and Mrs. Harry Dowell of Rt. 3, Antioch, is now attending Technical School at Keesler Air Force Base in Biloxi, Miss. He is studying Communications in Electronics.

Terry was formerly stationed at Lackland Air Force Base in Texas.

Airman First Class Daniel H. Geier, son of Mr. and Mrs. Peter J. Geier of Route 59, Antioch, who was formerly stationed at Clark Air Force Base in Truax Field, Madison, Wis., is now stationed at Clark Air Force Base hospital in Manila.

Airman Geier attended Waukegan Township High School and was a 1964 graduate of Antioch High School.

Airman Geier attended Waukegan Township High School and was a 1964 graduate of Antioch High School.

The new Trimline telephone — compact, convenient, and beautiful — introduced by Illinois Bell's Trimline Girl, Jackie Walker. The Trimline phone is now available in this area in both desk and wall models, in a wide variety of colors, and in either Touch-Tone or rotary dial.

New Phones Lighter, More Convenient

A new telephone with the Touch-Tone buttons built into the handset is being introduced this month by Illinois Bell Telephone Company.

The new Trimline telephone is designed to make calling easier by incorporating the receiver, transmitter, and Touch-Tone buttons or optional dial in the handset. A recall button, also in the handset, clears the line between calls so one can be made after another without reaching to hang up.

A one-time installation charge for the trimline phone will be \$5.00, with a monthly charge of 55¢ for each phone, according to the tariff filed with the Illinois Commerce Commission. Other standard charges, such as those for extensions and Touch-Tone, also will apply to the Trimline phone.

Developed by Bell Telephone Laboratories with Henry Dreyfuss as design consultant, the Trimline phone takes up less than half the space required by a standard telephone. It's just 2 1/4 inches wide, 8 inches long, and only 3 1/2 inches high.

Lake County GOP Women Study Legislation

The Lake County Republican Women's Legislative Study Club held its regular bi-monthly meeting Monday evening, March 6, at the home of Mrs. Ray T. Nicholas, 275 S. Slusser St., Grayslake. The meeting was presided over by Mrs. Albert Jörn, President.

The club passed a resolution endorsing the nomination of Mrs. Phyllis Schlafly for President of the National Federation of Republican Women at the National Convention to be held in Washington, D. C. May 5th and 6th, to which the club is planning to send a delegate. A petition from the Committee for Support of American Forces, with headquarters in Aurora, which was sent to the Legislative Chairman, Mrs. Arthur Cashmore, was signed by all members present and was returned to the committee immediately.

The legislative club went on record as opposing gun legislation which Mayor Daley is sponsoring.

The members favor House Bill No. 472 which was introduced by State Representative Hachmeister and John C. Parkhurst, passed by both houses of our state legislature, and vetoed by Gov. Kerner on August 9, 1965. This bill amends the criminal code to define crimes of violence and to provide additional mandatory penalties for the commission, or attempt to commit, a crime of violence when armed. The members suggest that people urge the Representatives to reintroduce this bill.

There was also discussion by the members, on State Senate Bill No. 293, which would abolish tax ceilings which the citizens of Lake County voted in last election, and the members feel that passage of this bill would deny Lake County citizens the right of referendum.

The club members oppose State House Bill 335 which would allow our Lake County Forest Preserve District to trade Lake County parcels of land for Federal Government land.

There was a discussion on State Senate Bills 102 through 107 which provide for 'half-way' houses for convicted criminals, and several members decided to write the legislators expressing their opposition to the bills.

At the previous meeting the club passed a resolution opposing ratification of the Consular Treaty and as a result the members have been actively engaged in sending letters and telegrams opposing the treaty.

Several of the members plan to attend a meeting at the V.F.W. Hall at McHenry on March 21st at 8 p.m. at which Commissioner Fuller was to discuss NIPC.

Tentative plans were formulated for a tea to be given in honor of State Representatives and Senators from Lake County in April, which will be open to the public for informal discussion of legislation. The time, date, and place will be announced later, and the public will be welcome.

Science Fair.....

(continued from page 1)

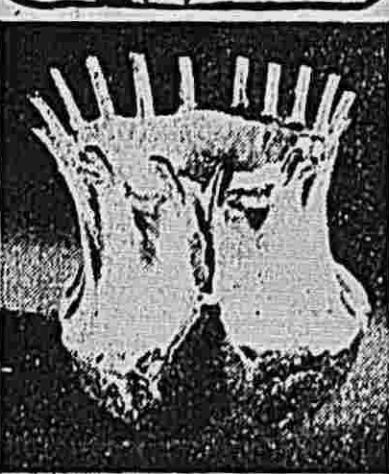

ich, sophomore, Crystalline Structure; John Prossie, freshman, Seed Germination; Sherry Thompson, freshman, Quicksand; Barb DeYoung and Pat Holiman, freshmen, Development of a Chicken.

Winners of Firsts from Oakland Grade School, where Mrs. Mary Kern is the sponsor, were Bill McConahay, Protein Diet Biological Adequacy Test; Mike DiLabio and Ricky DiLabio, Shot Gun Shells and How They Are Made.

At St. Peter's Grade School, where Mrs. Grippando is the sponsor, Firsts were won by Gregory Pedersen and Patrick Podstawa, Volcanoes; and Bud Newton, Take Care of Your Teeth or Else.

Prince of Peace Grade School had one project which rated a First: Mary Wolff and Steve Wolff, Comparative Intelligence of Small Boy and Dog. Mr. Truitt is the sponsor.

Grass Lake, Emmons and Antioch Grade School also had projects entered in the Science Fair.

Q. What is the name of this cut of meat?
A. Lamb crown roast.

Q. Where does it come from?
A. How is it identified?

A. It contains the whole rib section of lamb. It can be recognized by its circular "crown" shape. Smaller than the pork crown roast, the lamb crown weighs approximately 3 1/2 to 4 pounds. Lamb crown roasts are not seen too often at the meat market and it's wise to order in advance.

Q. How is it prepared?

A. By roasting. Place the roast, rib ends down, on a rack in an open roasting pan. Do not add water. Do not cover. Roast in a slow oven (325° F.) 1 1/2 hours. Turn roast so rib ends are up and fill center of crown with bread or breadfruit stuffing, if desired. Insert meat thermometer into center of thickest part of roast, being careful the meat thermometer does not rest in fat, on bone or in stuffing. Continue roasting 1 to 1 1/2 hours or until meat thermometer registers 175° F. to 180° F.

The Old Timer

"You can't clear your own fields while you're counting the rocks on your neighbor's farm."

Education In Illinois

Ray Page
Superintendent of Public Instruction

TMH CHILDREN
An increase of 13 per cent of trainable mentally handicapped children classes were established during the 1965-66 school year. This indicates the growing needs for teachers and programs, and in an effort to meet these needs the Office of the Superintendent of Public Instruction has established an evaluation project of "Programs for Trainable Mentally Handicapped Children."

It is vitally important that we need to know what is being done for these children in our schools and institutions and to arrive at some conclusion about the results being achieved. Since the legislature has adopted a program to go into effect in 1969 that will provide programs for all handicapped children, it is essential at this time to gather information to guide future efforts in behalf of these children.

We must know many facets of this program including how many classes and children are to be involved, where classes are to be located, the goals and objectives of training, the per capita cost and what can be done for these children.

During the 1965-66 school year there were 134 classes for trainable mentally handicapped children in Illinois. Thirty-eight were in the city of Chicago, another thirty in Cook county and sixty-six in other areas of the state. This total was eighteen more than were conducted in the 1964-65 school year and eight more in districts that in previous years had not participated in the program.

A strong trend exists in Illinois for the establishment of trainable mentally handicapped classes and it is estimated that an additional 150 teachers are needed to take care of the children who can qualify for these public school services.

DRIED BEEF

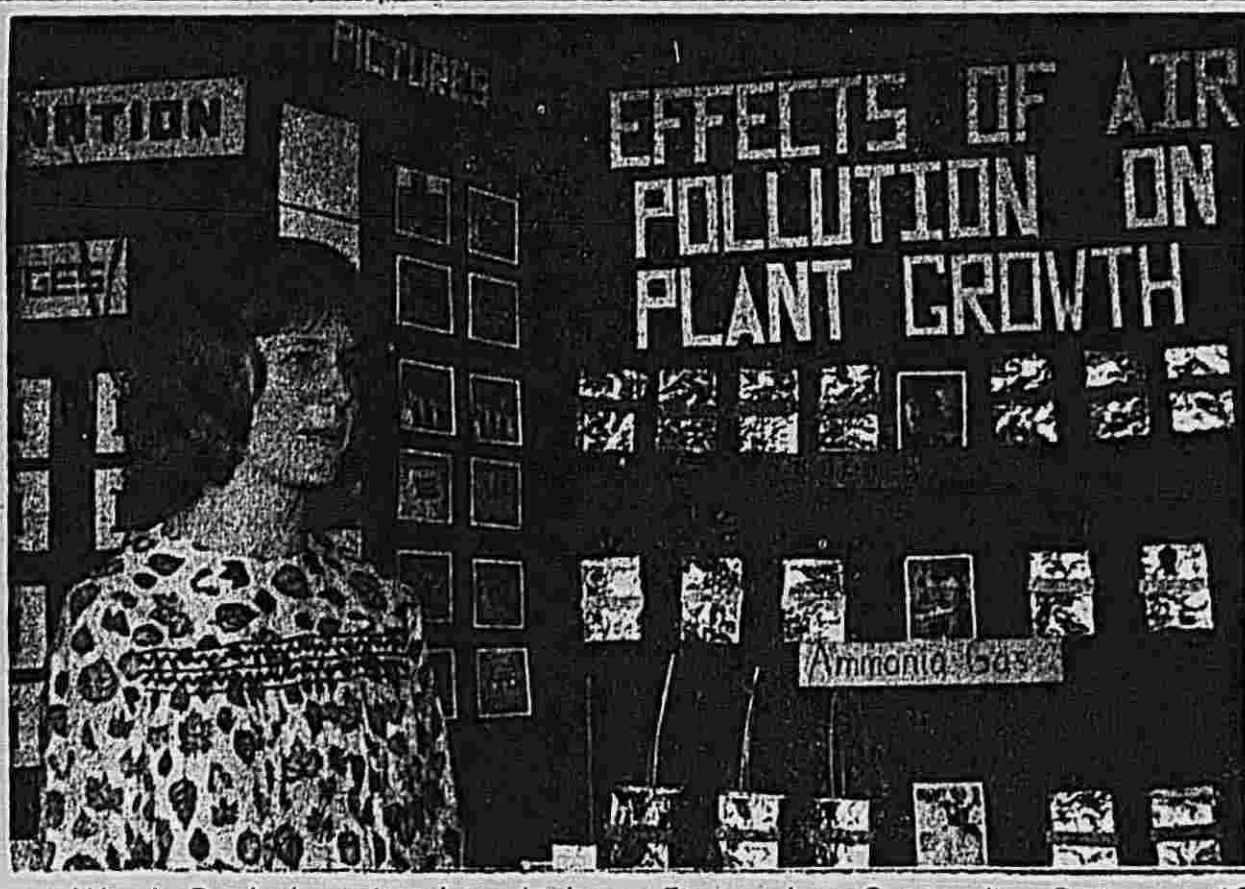

Add something green like cooked or canned green peas or chopped green pepper to creamed dried beef. It's pretty and pleasing served over waffles or baked potatoes for a quick supper.

Linda Crichton with the project that won her a \$25.00 Bond and a chance to go to the District Fair.

It looks like an attractive mobile, but this project of Ed Jennerich's won him a First at the Science Fair.

Wendy Rowley's project brought her a First and an Outstanding Rating at the Science Fair at Antioch High School.

DID YOU KNOW?

Good vision and good lighting are the keys to safe night driving. Since it takes 45 minutes to adapt to seeing in the dark, don sunglasses when sleeping for coffee or fuel to maintain your eye's "night-conditioning."

For safety—yours and fellow motorists'—pull off the road promptly and rest. Practice these simple rules and more life-saving pointers as outlined in a special feature in the March issue of Popular Science Magazine, and you may save your life.

THE ANTIOCH NEWS 5 THURSDAY, MARCH 23, 1967

DAYTON, OHIO, UNION: "Some 28,000 individual income tax returns for 1966 are going to receive exhaustive examinations even though there is nothing suspicious or unusual about the returns. The purpose of the check is to establish a yardstick on how taxpayers are complying with the tax laws."

GRASSROOTS OPINION

CARTHAGE, TENN., COURIER: "The courts have been greatly concerned with justice for criminals of late, and as long as this does not extend into the ridiculous most citizens will agree such considerations are appropriate. But in the minds of many law officials and editors the process has been carried to the absurd. Too many instances are occurring when confessed murderers are set free (often to commit another crime) because of technicalities."

ACHS Student Council Has Full Program

The Student Council of Antioch Community High School is an active and capable group. Their duties for this school year actually began back in June of 1966. On June 29th they filled the offices of vice-president, assistant secretary, and parliamentarian.

Summer meetings were held on June 6th, 18th, and 29th, July 6th and 18th, and August 31st. At these meetings plans were laid for the coming school year, committees were formed for Homecoming and a Student Union. The Homecoming Theme of "Sequoia's War Dance" was also chosen.

During the school year the Council meets on Tuesdays during the 4th period, and all members are scheduled into a study hall that period so they are readily available for meetings without sacrificing class time.

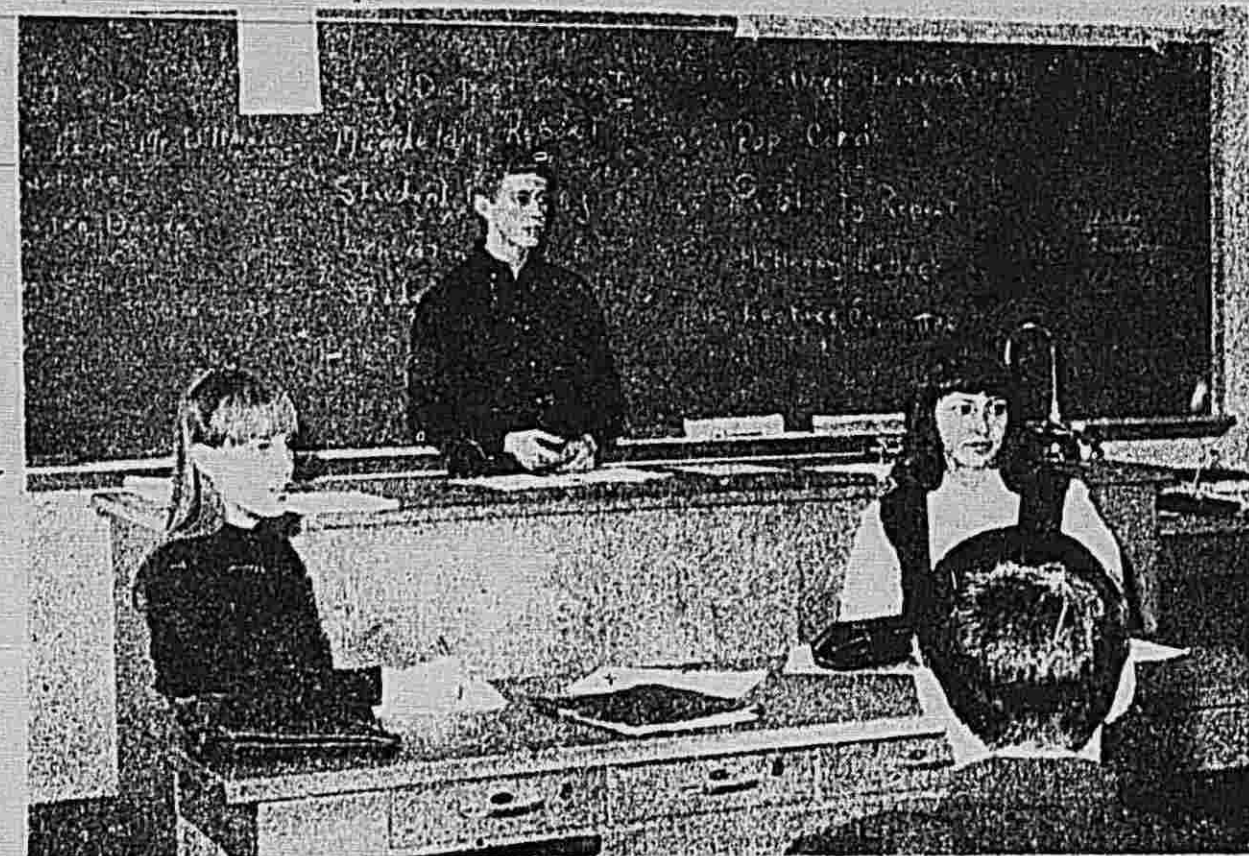

On September 27th a committee was formed to choose and show a movie to the student body as a project to raise money for council expenses. This committee, in conjunction with the English Department chose a movie, and then arranged for its showing, sold tickets and supervised the showing.

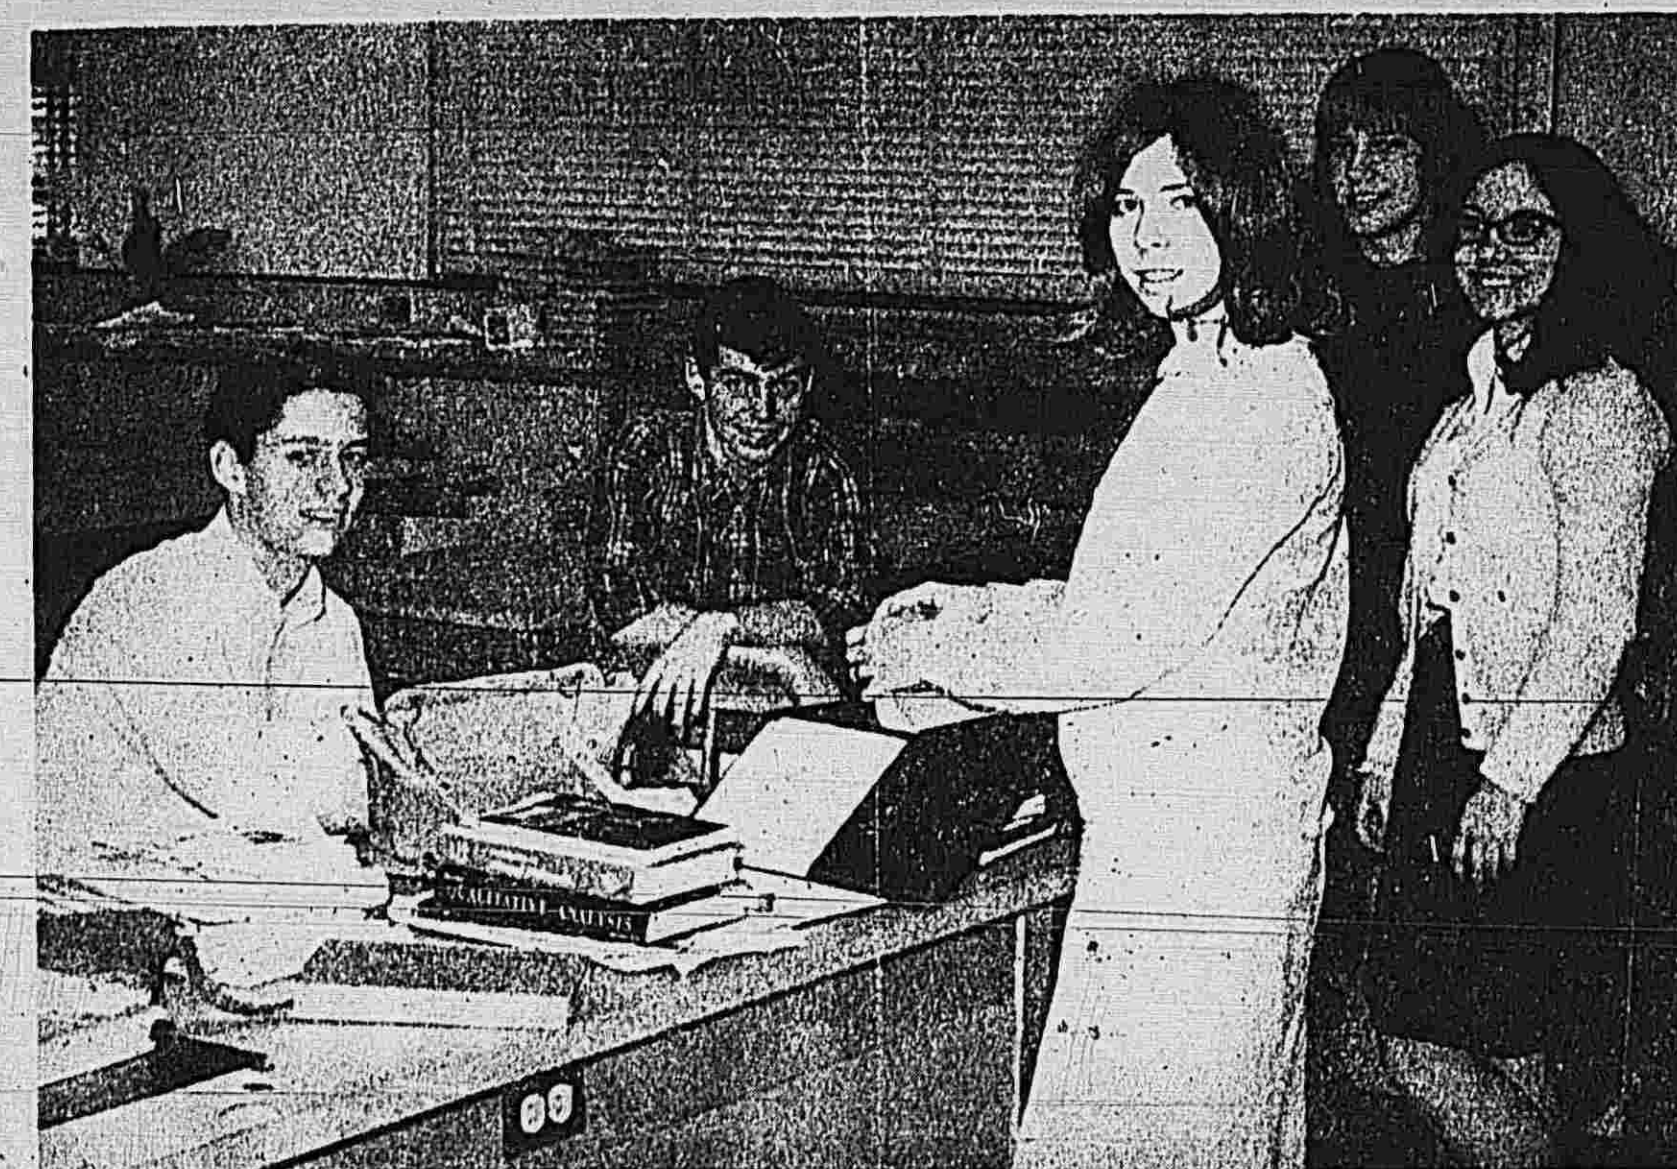

A general meeting of the Student Council

Conducting a General Meeting of the Student Council. Left to right, Pat Prosis, President Marty McConahay, Lois Herman.

Student Council members plan for one of their projects. Left to right, Dave Mair, Dick Vitek, Judy Furlan, Pat Prosis and Karen Sheehan.

October 20th, Council representatives attended a Sub-District Convention. Other activities in which they engaged during October and November were: Student Activity Calendar to be published monthly, an optional pep assembly program, Thanksgiving assembly, collection and preparation of Christmas food baskets, and laid plans for a "Buzz" Book (student telephone directory) and a Baby picture contest. Also during November, representatives attended the Thornton Student Council convention.

In December a March of Dimes campaign, Christmas Talent show, and an upcoming "Computer" dance with Grant was planned. The Christmas show was held on December 6th, the March of Dimes campaign on the 7th of January, and the Dance is still forthcoming.

In January the lunchroom boycott by students was discussed and recommendations made to the Administration. A clothing drive for Italian flood victims was also planned and is currently being operated.

February saw the University of Montana's band playing at an assembly by Council invitation as well as an exchange visitation with Mundelein for Student Council members.

This month the "Baby Picture" contest is being run. This consists of baby pictures of four unknown faculty members. The students vote, with pennies, for the "cutest". The winning picture will be the one that receives the largest amount of money.

Plans for the student union are also being finalized and should be operational by the end of the month.

The faculty advisors for this active group of students are Harrison Brown and Ken Merrill.

The council itself is made up of the following students: President, Marty McConahay; vice president, Al Osterlund; secretary, Pat Prosis; treasurer, Lois Herman; Sr. president, Al Osterlund; Sr. representatives, Judy Furlan, Betty Brinker, Dave Mair, Dick Vitek; Jr. president, Bruce Empfield; Jr. representatives, Linda Latal, Denise Prather, Bill Effinger, Terry Nickerson; sophomore president, Don Jackson; Sophomore representatives, Debbie Zeason, Karen Sheehan, Ralph Zanc, Jerry Martin; Fresh president, Louie Nielsen, Fresh representatives, Sally Krieger, Jody Meier, Rick Neslon, Jim Polley; Assistant secretary, Janet Meyer, and parliamentarian, Fred Gras.

Brazil nuts are easy to slice thin for a cake garnish if you parboil them first for a few minutes, then slice with a vegetable peeler.

Smoking and Your Health SMOKING: Just How Dangerous?

Last July 27th, President Johnson signed into law Senate Bill 559 which required all cigarette packages bear the statement, "Caution: cigarette smoking may be hazardous to your health."

Just how "hazardous" is smoking? Very hazardous, says the chairman of the National Interagency Council on Smoking and Health, an association of 16 professional, private and governmental agencies. Chairman Emerson Fobbs stated, "Cigarette smoking is responsible for at least 125,000 deaths each year in the U.S. and may be responsible for as many as 300,000."

Backing him up is former Surgeon General Luther Terry who stated, "Studies of mortality rates of smokers and non-smokers indicate that 240,000 men will die this year prematurely from diseases associated with cigarette smoking. An estimate of deaths among women would bring the total to more than 300,000."

The danger, Dr. Terry goes on to say, is greater among teenagers. "Among men who began smoking when they were teenagers, the death rate is 100% higher for smokers than for non-smokers."

Ten times as many people will die of lung cancer in the U.S. this year than in 1936. And lung cancer is a largely incurable disease because it is extremely difficult to diagnose. Only about 5% of all cases are being saved today.

Lung cancer is directly related to smoking. Two other diseases associated with smoking are also taking an increasing death toll—coronary heart disease and emphysema is an irreversible

25 scientific studies in ten countries show a high degree of relationship between smoking and diseases such as cancer.

and frequently fatal lung malfunction attributed to heavy smoking. In 1962, it caused 12,350 deaths.

The State Mutual Life Assurance Company of America also recognizes the hazards of smoking. The company offers a life insurance policy which features a three to five per cent premium reduction available to non-cigarette smokers and those off the habit for a year or longer.

Board Chairman and President Ladd Plumley introduced the policy stating that non-smokers are better insurance risks and therefore deserving of premium savings.

When Easter Happens

The meaning of the Easter event is renewed when we begin to discover in ourselves the capacity for that "greater love" of which Christ Jesus spoke.

"Greater love hath no man than this, that a man lay down his life for his friends," Jesus said (John 15:13). And his total willingness to do this opened to all mankind a new estimate of reality—brought resurrection, showed us a new and unending life.

Our readiness to learn what Jesus' words mean in our lives can begin to open to us this vast view.

His words are a call for the most penetrating kind of self-sacrifice—for a spiritual devotion that overcomes human pride, fear, and selfishness in a triumph of divine Love.

It is literally a call to be born again. Can the "average" person accept this call, this self-surrender?

It is really inevitable. And we know this in the first stirrings of our own deepest spiritual intuition. It can happen in July on a city street, in a classroom, in an office. Easter comes when it happens in the heart.

Writing of the new birth, Mary Baker Eddy, the founder of Christian Science, said: "It begins with moments, and goes on with years; moments of surrender to God, of childlike trust and joyful adoption of good; moments of self-abnegation, self-consecration, heaven-born hope, and spiritual love" (Miscellaneous Writings, p. 15).

Our intuition grows into perception and understanding. Gradually, we gain the conviction that the lives of all men are ultimately bound together, in Truth. Then we

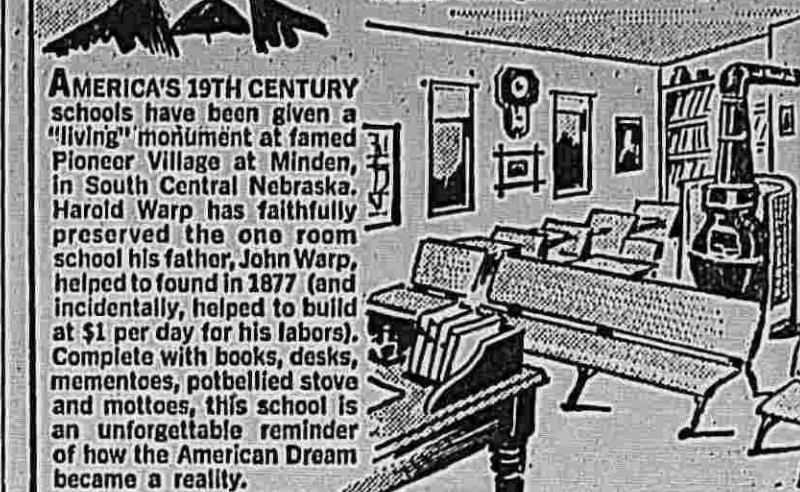

HOW AMERICA GREW

150 YEARS OF SCHOOLS

TODAY'S SCHOOLS are masterpieces of modern architecture. Youngsters thrive in classrooms, workshops, gyms, and recreation areas designed to deal with the constantly changing world of science and the arts. This is our most important investment—the future of our children. Yet many of us take modern schools for granted.

THE TRUE FOUNDATION of United States education began when Rev. William McGuffey was paid \$1000 for three years work (1834-1837) to compile his "Eclectic" readers that sold over 100 million copies during the next 50 years. McGuffey's readers taught righteousness, as well as reading, writing and "Rithmetic" in one room school houses throughout the country.

AMERICA'S 19TH CENTURY schools have been given a "living" monument at famed Pioneer Village at Minden, in South Central Nebraska. Harold Warp has faithfully preserved the one room school his father, John Warp, helped to found in 1877 (and incidentally, helped to build at \$1 per day for his labor). Complete with books, desks, mementoes, potbelled stove and mottoes, this school is an unforgettable reminder of how the American Dream became a reality.

begin to find the courage, strength, and intelligence we need to lay down our lives for each other, day by day—to sacrifice whatever is self-satisfied or self-seeking in our hearts, to break through the barriers of mortal ego.

Then Easter comes. And then we begin to see ourselves—and each other—in this new light.

For this is where the "greater love" leads—to clearer views of what is actual, to resurrection, to a life that is new and to life that is endless.

Jesus said, "He that loseth his life for my sake shall find it" (Matt. 10:39).

The first airplane flight of the Wright Brothers at Kitty Hawk, N. C., lasted only 12 seconds and the plane traveled 120 feet.

New Manager For Local Country Club

Elias Fox of Lake Shangri-La, Wis., has been recently appointed as manager of the dining room and bar at Round Country Club at Round Lake.

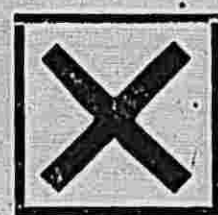

Mr. Fox has extensive experience in the food and beverage business. He has owned and operated a large restaurant in Chicago, has managed a Country Club and is currently active in his own catering service.

The Clubhouse is open to the public. Mr. Fox plans on starting service on March 23 and invites inquiries for wedding receptions, banquets and catering service.

To squander time is just as wasteful as to squander money.

P.O. Makes...

(continued from page 1)
 nam came to \$14. The post office personnel is sending packages periodically to all the names on their list. If you have the name of anyone serving in Viet Nam whose home is in the area served by the Antioch Post Office, or who graduated from Antioch High School, mail the name and address to Postmaster Joe Wolf or drop it off at the Post Office. Your serviceman will be cheered by mail from home and the knowledge that the home town folks have not forgotten him.

Names that are turned in are published in the Antioch News. Drop a line to one of the names on the list—mail call is a welcome break for the boys overseas.

Here some names recently added to the list:
 PFC David D. Miller, RA 10893756
 5271th M P Co., 716 M.P. Bn. APO San Francisco, Calif. 96243.

PFC Arthur P. Letkey, US 54807993
 B Btry. 1st Bn. 44 Arty. APO San Francisco, Calif. 96269.

Pvt. Mike Grefkowitz, US 56452660
 HHB 39th Sig. Bn. APO San Francisco, Calif. 96291.

Here is a change of address. Robert Rapp was transferred to an area in Viet Nam where the fighting has been the heaviest.

Robert J. Rapp B981303
 SV No. 2, HQ Co. HQ Bn. 3rd Marine Divn. Fwd. USO MCB 5 Det. FPO San Francisco, Calif. 96602.

Latest addition to the list of items being sent to Antioch servicemen and women in Viet Nam is the Tom Tom, the school paper of Antioch High School. School officials secured a copy of the list of names from the post office and mailed copies of the Tom Tom separately.

Most recent donors to the Viet Nam project are Strang Funeral Home, Laura Swanson, Mrs. Jonas, Marie Letkey, Mrs. R. Hart, Irv. Nissen, Olie Mathisen, Jim Horan, Pete Furlan, Frostee Sio Co.

PRE-EASTER SERVICES AT EVAN. FREE CHURCH

Prayer Service will be held at the Antioch Evangelical Free Church on Tiffany Road in Antioch, Thursday night, March 23 at 7:30 p.m. Good Friday Communion Service will be at 7:30 p.m.

DEATH NOTICES

MRS. ADA VINCENT
 Mrs. Ada Vincent, 82 years old of Wilmot, Wis., passed away at 4:35 p.m. on Wednesday, March 15, at Hillcrest Nursing Home in Twin Lakes, Wis., after a lingering illness. She was born Jan. 2, 1885 in Gainsborough, England, and came to Kenosha County at the age of 6 months. She and her husband operated a farm near Twin-Lakes until moving to Wilmot in 1945. She holds membership in the Wilmot Methodist Church and the W.S.C.S. of that church. She married Henry E. Vincent on April 10, 1912 at Wilmot and he preceded her in death on Feb. 23, 1954. Survivors are four daughters, Mrs. Claudia (Albert) Van de Walker, Richland Center, Wis., Mrs. Evelyn (Floyd) Member, Wilmot, Mrs. Eva (William) Maxey, Libertyville, Ill., Mrs. Betty (Geoffrey) Goulding, Crystal Lake, Ill.; two brothers, Fred and Walter Scott, both of Antioch; 8 grandchildren, and 5 great-grandchildren.

Board Approves.....

(continued from page 1)
 the Sewer and Water committee, reported a representative of the State Sanitary Water Board had visited the filtration plant and asked that a detention pool be installed. The representative found the discharge from the plant satisfactory, but said this is part of a state-wide campaign to clean up streams.

The project would not be expensive, Nissen said, as the village has the property, it would require excavation. The discharged water would stand, he said, allowing the settling of any sediment, and possibly result in less phosphates and nitrates being discharged into streams.

Nissen said that if other cities in the area complied with the request, he would be in favor of it as a step in cleaning up the water.

Arthur Meierdick, chairman of the police committee, announced that Thomas Ring is leaving as of April 1, and that the village is looking for police officers.

A check was submitted to the village in payment of one-half of the expenses of Edward Frazier, Civil Defense Director. One-half of Frazier's expenses are paid by the State Civil Defense. The check was in the amount of \$205.61.

The board approved a Tag Day for the Children's Benefit League Friday, April 21.

Jr. Girl Scout Troop 212

Vonetta Village Junior Girl Scout Troop 212 has been quite busy this year. One of the patrols chose to make stuffed dolls and animals to earn their Toy Maker Badge. The nine girls, who are all in grades 4 through 6, are Nora Pleviak, Debbie Wick, Julie Williams, Jennifer Reynolds, Debbie Foster, Susan Craig, Jeanne McCarthy and Gail Spencer. The toys are to be given to the Grace Community Church in Vonetta Village to replenish their toy chest.

Couples Club

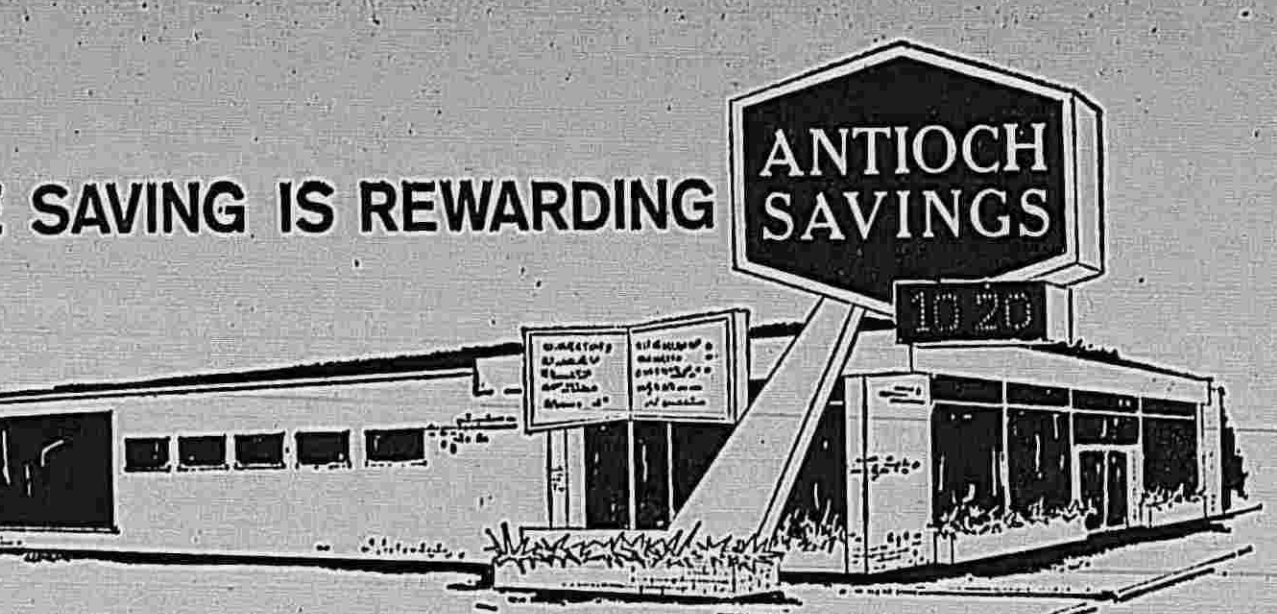

The Couples Club went bowling Sunday afternoon and later dined at Rustic Manor.

Hospital Patients

Mrs. Burton Morrow is a patient at Great Lakes Naval Hospital.

Married

Ann Harry and Ralph Paulsen were married last Thursday at St. Mark Lutheran Church.

CHRISTIAN SCIENCE RADIO SERIES

9:30 a.m. on WAIT (820 kc.)
 8:00 a.m. on WLS (890 kc.)

This week's Christian Science program

SUNDAY, MARCH 26, 1967

Are you puzzled as to the meaning of the resurrection for you today, tomorrow, the next week? Listen to stations WAIT or WLS Sunday at 8 a.m. on WLS, 9:30 a.m. on WAIT for a searching conversation on the question, "HOW DOES EASTER RELATE TO MODERN LIFE?"

New Records Set By Champion Team

The basketball season is over, but this year's Sequoit team will long be remembered by everyone in Antioch.

This year's team set several new school records. And the star of the team, Tyrone Walls, compiled a record that has won him recognition around the state.

Three of the regulars will be lost from this year's team, and three good reserves. Regulars graduating from Antioch High are Tyrone Walls, Jerry Whitson and Don Zeman. Reserves are Jim Litchfield, Bob Sheldon and Dave Comstock.

Returning next year are Bruce Empfield and Steve Miklautsch. In addition, several reserves, including some who saw quite a bit of play this year, will be back to fill the gaps. They are Bill Smith, Joel Strahan, Tony Barnett, Gregg Drije, Bill Blecke and Dan Smith.

Coach Roger Andrews feels the outlook for next year is very good. "Empfield," he says, "should be a super star if he starts where he left off this year. It took him twelve games to really get going this year. He really played great the last half of the season."

Miklautsch will be stronger and should have his shots down good by next year," Andrews continued. "He had some great games this year—he's great on defense."

Round Lake will have four regulars returning next year. Lake Forest should be real strong. Grant will have three regulars returning.

"We should be in the thick of things," Andrews said. "With some real fire we could win it all again."

The 1967 Sequoits were champions of the Northwest Suburban Conference, with a 14-0 record. They took the

Woodstock Invitational Championship, placed fourth in the Rockford Holiday Classic, and won the District and Regional State Tournament Championship. The Regional title was a first in the history of Antioch High.

The team scored a total of 2,079 points in the season, with 756 field goals and 567 free throws. Their shooting percentage for field goals for the year was 42.5%, for free throws 66%. They averaged 67.1 points per game.

The 2,079 points for the season broke the school record made by the 1959-60 team of 1,915. A new scoring record for the Antioch gym of 102 points was set in the game against Round Lake.

The 1967 team set an Antioch record for the most games won in one season (26). Previous record was 22, held by several teams.

They also had the best conference record, with 14-0. Previous record was the 12-0 record set by the 1952-53 team.

Individual records and honors were many in the 1966-67 basketball season. Tyrone Walls and Jerry Whitson were All Conference selections. Don Zeman won Honorable Mention.

Tyrone Walls was named Most Valuable Player, Steve Miklautsch Most Improved player. Jerry Whitson was the Team Captain.

School records broken by individual players were many. Tyrone Walls now holds the career scoring record for the school with 1,405.

It was previously held by Jerry Dahlman with 1,110. Ty also handled the most rebounds in his career (860), breaking a record Vic Rogers set in 1963-64 of 524. Ty also has the most assists in his career, 288.

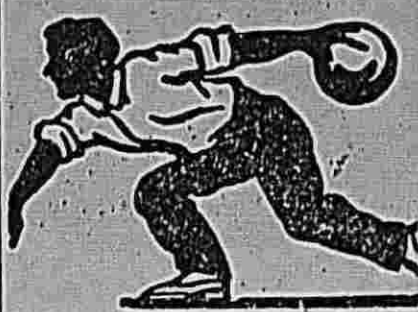

Fred Ceni Wins Antioch Singles

The Singles Pin Tourney at the Antioch Bowl ended last Saturday night with Fred Ceni of Zion still leading with a 736 series. Claire Harms of Antioch lead the Women's division with 675.

More than 1,900 entries were listed in the Men's division. The first Women's tourney drew a good turnout, according to owner Jack Sainpayo, with over 200 entries. Other high scorers in the Men's division were Don DeLama, Milwaukee, 734; Bob

Steiskal, Antioch, 705; Wayne Reynolds, Mundelein, 701; Dan Matteoni, Antioch, 690; Ken Schaeffer, Glencoe, 688; Gino Picchetti, Antioch, 681; Dennis Swanson, Antioch, 676; Don Ward, Antioch, 664; Roger Hallwas, Antioch, 659 and Scotty Lowe, Antioch, 645.

Charmaine Schlenz was in second place in the Women's division of the tourney with a 651. Judy Vanderpool of Grayslake had a 619 and Rose Masopust, Antioch, a 609.

The tools for tuberculosis case finding and diagnosis have undergone some changes in recent years but are still primarily the x-ray, tuberculin test, bacteriological examinations, physical examination, and case history.

When we enjoy our work we are twice blessed; we have a good time making our money and a good time spending it.

Bill and Gladys Tonkinson receive the keys to the 1967 Mustang they won at Lyons-Ryan Grand opening from Larry Ryan. The Tonkinson's are from Lake Zurich.

This huge Easter Bunny in the State Bank lobby holds a bountiful basket of Easter Eggs. He gets a loving pat from Tommy, Deanne and Donna Haviland.

Special Red Cross Course For Workers

Industries and business firms in Lake County communities are invited to send their employees to a special Red Cross industrial aid seminar to be held from 9 a.m. to 5 p.m. every Thursday for five weeks.

The course will begin April 6 at Louie's Restaurant, 1009 North Ave., Waukegan, according to Gerald Christian, of Johns Manville Corporation. Christian is Red Cross industrial first aid chairman for Lake County.

He said all participants will attend a final examination and graduation ceremony, May 10, at Chicago's Museum of Science and Industry.

"The special first aid instruction is geared to handling the emergencies that may occur while on the job," said Christian. "It's also designed to provide businesses and industries with first aid instructors at no increase in staff payroll costs."

Christian said employers may send any number of workers to the seminar. Successful graduates will receive certificates qualifying them to teach first aid care to other employees in their firm, he added.

The training will be conducted by professional Red Cross staff and first aid authorities from business and medicine. Except for a one dollar charge for practice bandages and a take-home text, the seminar is free to firms and their employees.

To enroll in the seminar, contact the Red Cross office in Waukegan, ON 2-4044.

Millburn Maidens Plan Industry Tour

Millburn Maidens 4-H Club made plans to tour the Zion Industries on March 27th when they met at Millburn School on Monday evening, March 20.

The officers of the club this year are Gail Bonner, President; Patricia Denman, Vice-president; Karen Bauman, Secretary; Barbara DeYoung, Treasurer; Janet Doolittle, Reporter; Janet Schoelzel, Recreation Chairman.

Gail Bonner and Donna Truax will represent the Millburn Maidens at State 4-H Week, which will be held at the University of Illinois in June. The club decided to send personal hygiene to "Project Concern" which was started with the cooperation of our men in Viet Nam by the Morning Show in Chicago.

Demonstrations were given by Karen Bauman on "Cinnamon Rolls," Donna Truax on "Candles" and Ann Burke gave a talk on "Career Exploration" and Patricia Denman talked on "Selecting a Pattern."

Refreshments were served following the meeting.

DRIVING

Traffic Safety
by Paul Powell
Secretary of State

Many drivers have difficulty grasping the necessity of giving complete attention to the exacting task of handling their automobile. They often do not realize the serious risks they are exposing themselves to when they become emotionally upset before they get behind their steering wheel.

A matter of sitting down to eat breakfast and getting a cold cup of coffee can cause

a person to become needlessly upset. Frequently he is still thinking about it when he gets his vehicle into traffic and often as a result his entire attention is not devoted to his driving. Should such a situation arise where split-second reaction is called for, he will not be fully prepared to cope with what may be an emergency.

Some of us experience worries about our day-to-day work. We can't avoid it, but it is absolutely necessary that we clear these worries when we are driving, or greater burdens could be placed on us as a result of a serious accident... an accident which may have occurred because full attention was not focused on driving.

Arguments at home, office or with associates must be completely forgotten once a person takes on the difficult task of driving a motor vehicle. This could cause a motorist to needlessly "show" another driver that he can't get away with cutting sharply in front of him. When that happens an accident can happen and someone may be a driving statistic. Don't let it be you.

A copy of "Rules of the Road" will be sent to you free upon request. Just write to Paul Powell, Secretary of State, Springfield, Illinois.

LOAFING AND DIETING

"Maybe your husband isn't loafing at all. You just think he is in the back yard taking a nap or that he is snoozing on the sofa. It only looks that way. In reality he may be dieting off pounds. Reclining for 21 minutes will use up 42 calories. So if he eats a carrot strip and then reclines for a half-hour he is using up 18 more calories than he consumed and, allowing plenty of reclining time, will eventually lose pounds and pounds."

"The schedule is knocked for a loop if a piece of pecan pie with two dips of ice cream follow the reclining, naturally. It would probably take an entire vacation or sick leave time to recline off a snack like that."

"At two calories a minute, an hour uses 120 and seven

PM & L News

"I am thrilled to have such an outstanding cast in this fine comedy. There are a lot of young people in the play and, believe me, in poise, responsibility and talent, they fit in nicely with the veteran troupers."

"This is a funny, funny show that should appeal to everyone, so I urge everyone to come see it and laugh their troubles away."

These are the words of director Josef Hunley as he talks about PM&L's upcoming production of *The Remarkable Mr. Pennypacker*. It will be presented April 14, 15, 21, and 22 at 8:30 p.m.

Dr. Albert Bucar, Antioch optometrist, plays the unforgettable role of Mr. Pennypacker. Dr. Bucar has had numerous comedy roles with PM&L. Audiences will remember him as Ensign Pulver in *Mr. Roberts*, Nathan Detroit in *Guys and Dolls*, and Luther Billis in *South Pacific*. In no other play has he been entwined with family responsibilities as he is in this hilarious comedy.

Garnet Oddsen, "Girl Friday" of the Antioch Police Dept., is cast as Ma Pennypacker. Garnet is secretary of the organization and has been involved with almost every play given. After quite an absence from the stage, it's self, she suddenly finds herself the mother of eight children and the wife of a most unusual man. Garnet has been in *All for One, Night Must Fall, Dark of the Moon, My Sister Eileen*, and won the Mr. Thespis award for her role of Mrs. Clivedenbanks in *Outward Bound*.

As Mr. Hunley mentioned, this is a play full of children—ranging from six years to a young man of 19. Most of

hours of sleep would use 840. A full lap around the clock would use 1,440 but who sleeps the clock around. No wonder bears are grouchy when they come out of hibernation. Months and months of reclining away the calories.

"Man or bear, a hungry male is a grouchy one. But that little half-hour nap to diet off the carrot strip won't hurt his disposition. It wouldn't really hurt anything if he reclines a few more minutes and disposes of the caloric celery curl."

The trouble is: Too many men decide to use evenings and Sunday afternoons to recline-diet away the effects of a week of heavy eating. It can't be done. But men are stubborn. They will keep trying."

Symbol of Better Health

The Progress From Potions

Today's pharmaceuticals in their modern containers represent thousands of years of progress for pharmacy... from the mystical potions of the past to "miracle" drugs developed by modern science which play a vital role in the preservation of health.

REEVES DRUGS

PHONE 395-3606
901 Main St. Antioch

these young people are on stage for the first time and are having "a ball."

Linda Walpole, Jan Newton, and Chris Hunt are all students from Carmel High who reside in Antioch. Chris and Jan share the role of Kate, and Linda plays Laurie. Ainsley Brook is a freshman at A.C.H.S. and is cast as Elizabeth. These girls are all Pennypacker daughters.

Jay Horton, a sophomore at A.C.H.S., plays Horace III, one of the Philadelphia Pennypackers. Jay is right at home on the PM&L stage. He has played in *Music Man*, *Flibberty-Gibbet*, *On Borrowed Time*, *Rumpelstiltskin*, and *Antigone*.

Six year old Robert Hunley, son of the director, plays the youngest son, Ben. This is Bobby's stage debut except for Christmas programs at Oakland Grade School.

Gary Reckers, William Davis and Jerry Smouse play Teddy, David, and Edward Pennypacker, respectively. Gary and Jerry are students at Antioch Grade School and Bill attends Grass Lake. Bill was in *Tom Sawyer* at the Grass Lake School, and Jerry played Winthrop in *Music Man* as well as being in *On*

last Tuesday.

Mrs. Harley Clark and son, Glen, spent Sunday evening at the home of Mr. and Mrs. Walter Fontaine of Gurnee, the occasion was their son Dauphy's 8th birthday.

Mrs. Elmer Hauser and son of Waukegan spent Sunday afternoon with Mrs. Frank Hauser.

Mrs. James Foster spent a few days with her sister at Park Ridge the past week.

The Riverside Garden Club met at the Millburn Church Thursday afternoon with 17 members and 21 guests. Rev. Messersmith showed his Hawaiian pictures. Mrs. Carl Anderson was hostess and co-hostess Mrs. Charles Lucas.

MONEY BY THE BUSHEL

ARLINGTON, TEXAS, CITIZEN: "In 1918 a German mark had a par value of 4 marks to the dollar. In January, 1921, the dollar would buy 74 German marks. . . . By October of 1923 one dollar would buy 240,000,000 marks. Inflation in Germany was finally stopped with the so-called Rentenmark, which was backed by gold, at which time the old mark had reached more than 4 trillion to the dollar and the savings of the well-to-do and middle class had been wiped out."

It's easy to place a classified—just call 395-4111.

Cancer Crusade Starts April 1

Mr. and Mrs. Morris Pickus have been named Independent Business Chairmen of the 1967 Crusade of the American Cancer Business Society in the community of Antioch.

The society's annual educational and fund-raising residential drive will begin April 1. President Johnson will designate April as Cancer Control Month.

Morris Pickus said, "I am confident that we can look ahead to a very successful 1967 Crusade. Everyone is aware of the urgency of the

THURSDAY, MARCH 23, 1967 THE ANTIOCH NEWS 15

problem and that more must be done now to meet the critical problem of cancer.

"The urgency of the fight can be stated simply: Statistically, it is estimated that one out of four of the people in Antioch will be faced with cancer personally if present rates continue. One out of three of those stricken will die of the disease. Almost 100,000 persons in the United States will die in 1967 from cancer unless we can reverse present trends and bring these patients to physicians in time for earlier diagnosis and treatment."

major objectives of the Crusade—can help save lives from cancer."

UNICEF's objective is to prepare children for a constructive life.

Did You Ever Think of Getting Your Easter Bonnet From A&P?

We don't sell Easter bonnets-but... we suspect many an Easter hat has been paid for with money saved by shopping A&P.

Are we implying that A&P has the lowest prices on all items all the time?

No!

There is no store that can make that claim.

What we are saying is:

if you're interested in your total food bill,

if you're looking for the best values

for your food dollar, A&P is the store for you.

It's a little late for this year's Easter bonnet, but start shopping A&P this week, anyway.

It won't be long before somebody in the house will need a new pair of shoes.

Is this a good reason for shopping A&P? It's one of many.
